

Supplementary File 2

Each page contains scatter plots showing the log₂ ratios (Y-axis) per variant by genomic coordinate (X-axis) for each SGE target. Ratios are shown for day 05 (top) and day 13 (bottom) timepoints. For each timepoint, each row represents one replicate from that timepoint. Variants are colored as indicated.

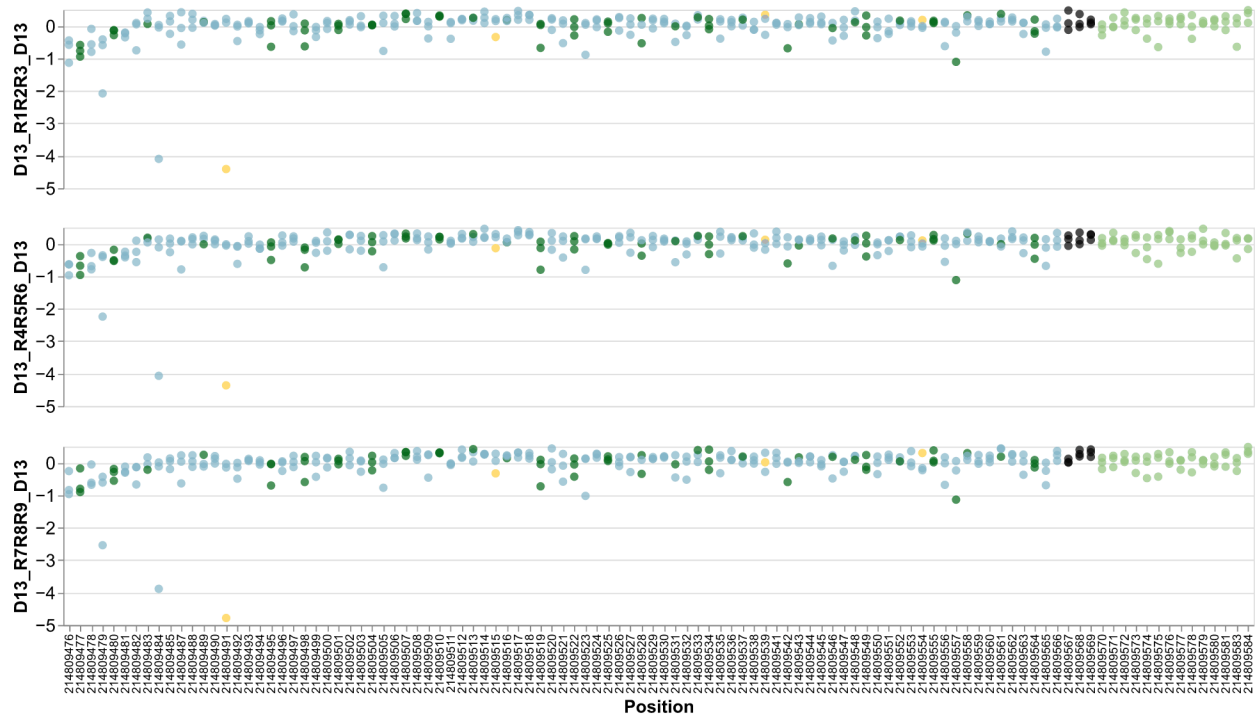

BARD1 X1A

log₂ ratios per variant - day 05 (top) / day 13 (bottom)

log₂ ratios per variant, day 05

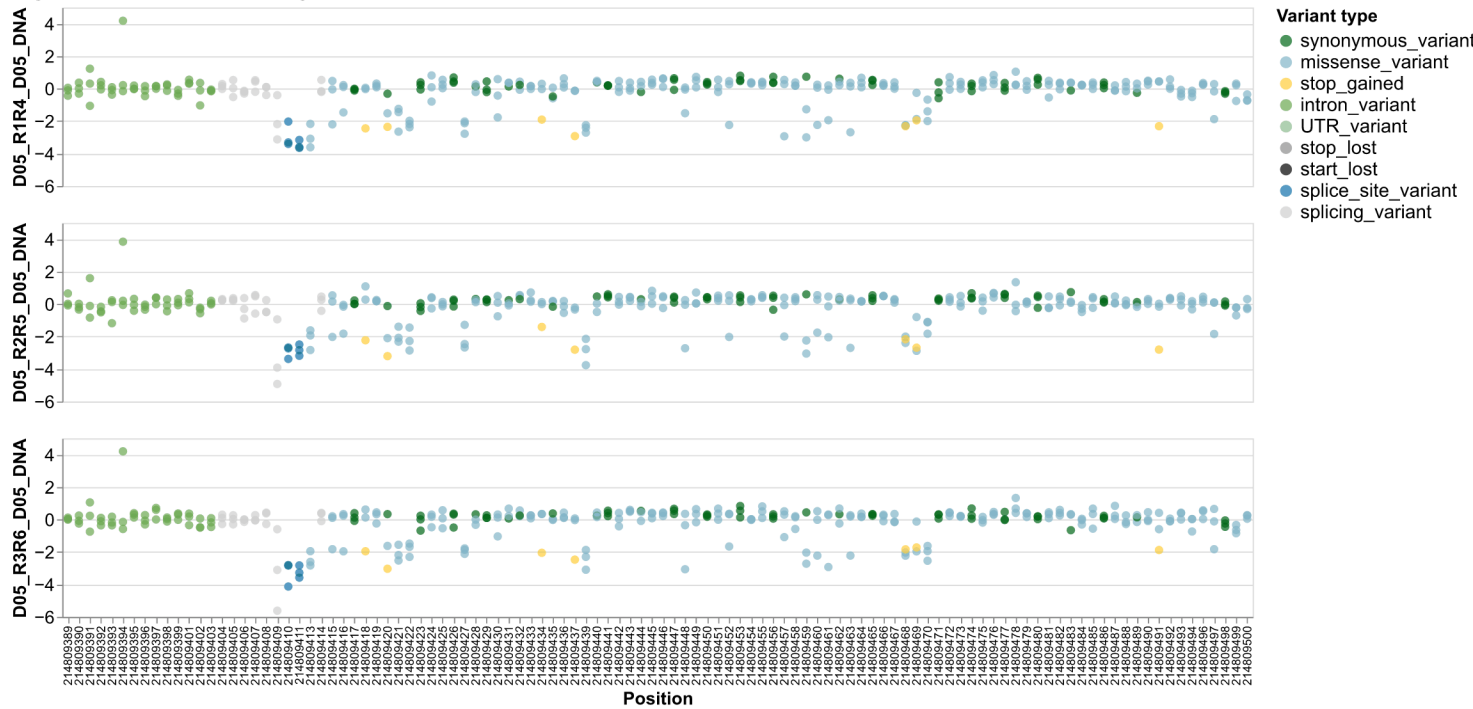

log₂ ratios per variant, day 13

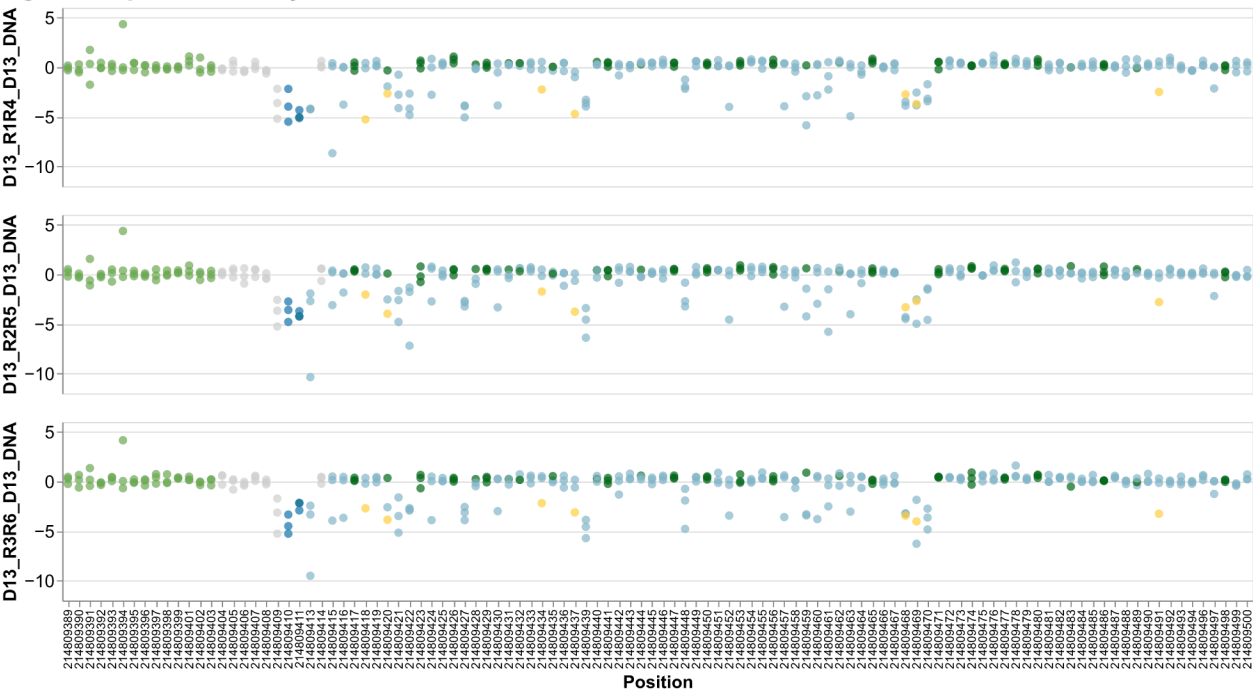

BARD1 X1B

log2 ratios per variant - day 05 (top) / day 13 (bottom)

log2 ratios per variant, day 05

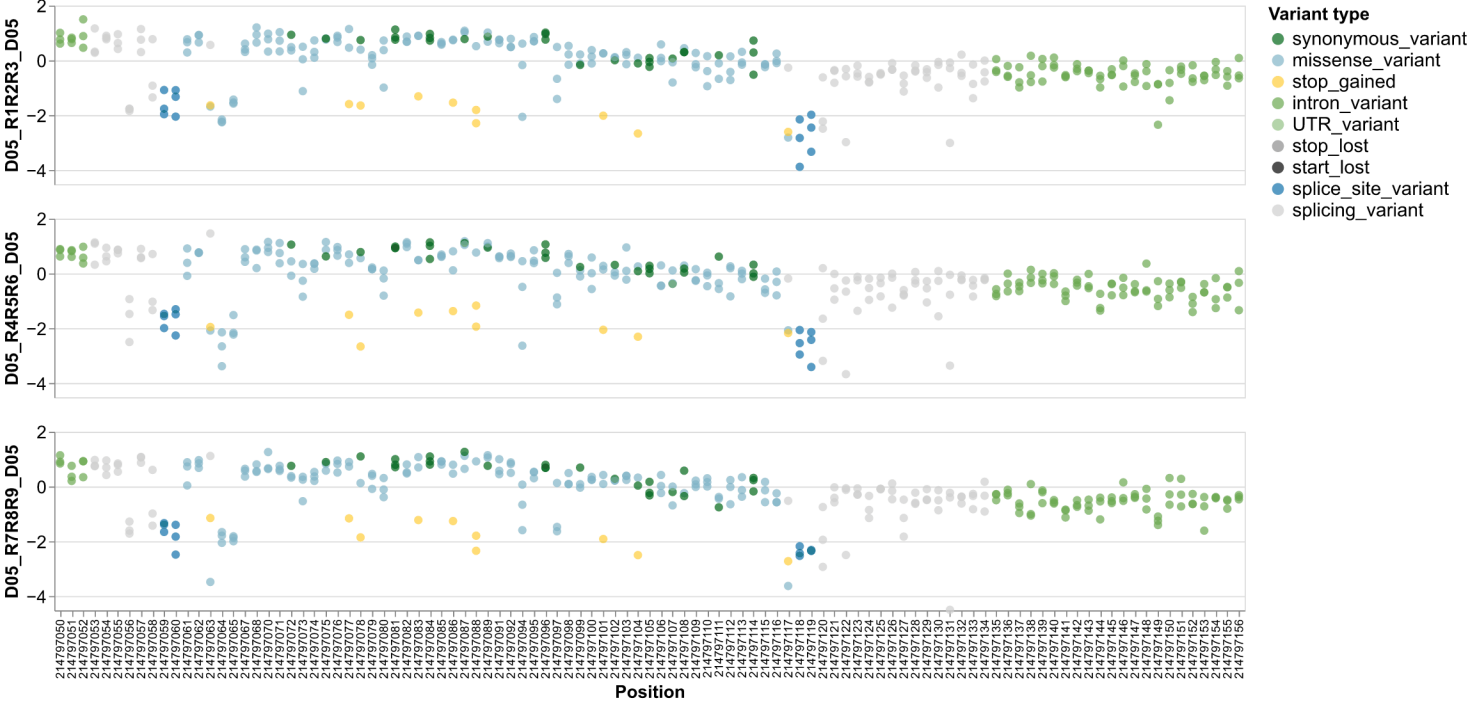

log2 ratios per variant, day 13

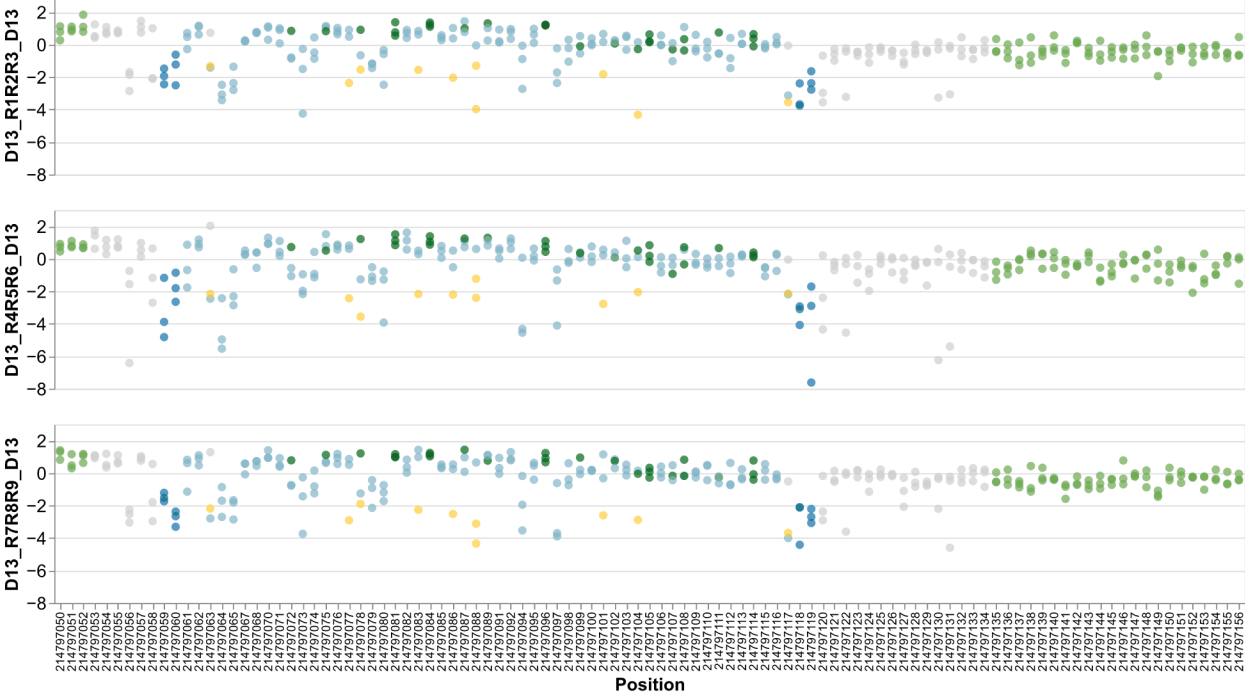

BARD1 X2

log2 ratios per variant - day 05 (top) / day 13 (bottom)

log2 ratios per variant, day 05

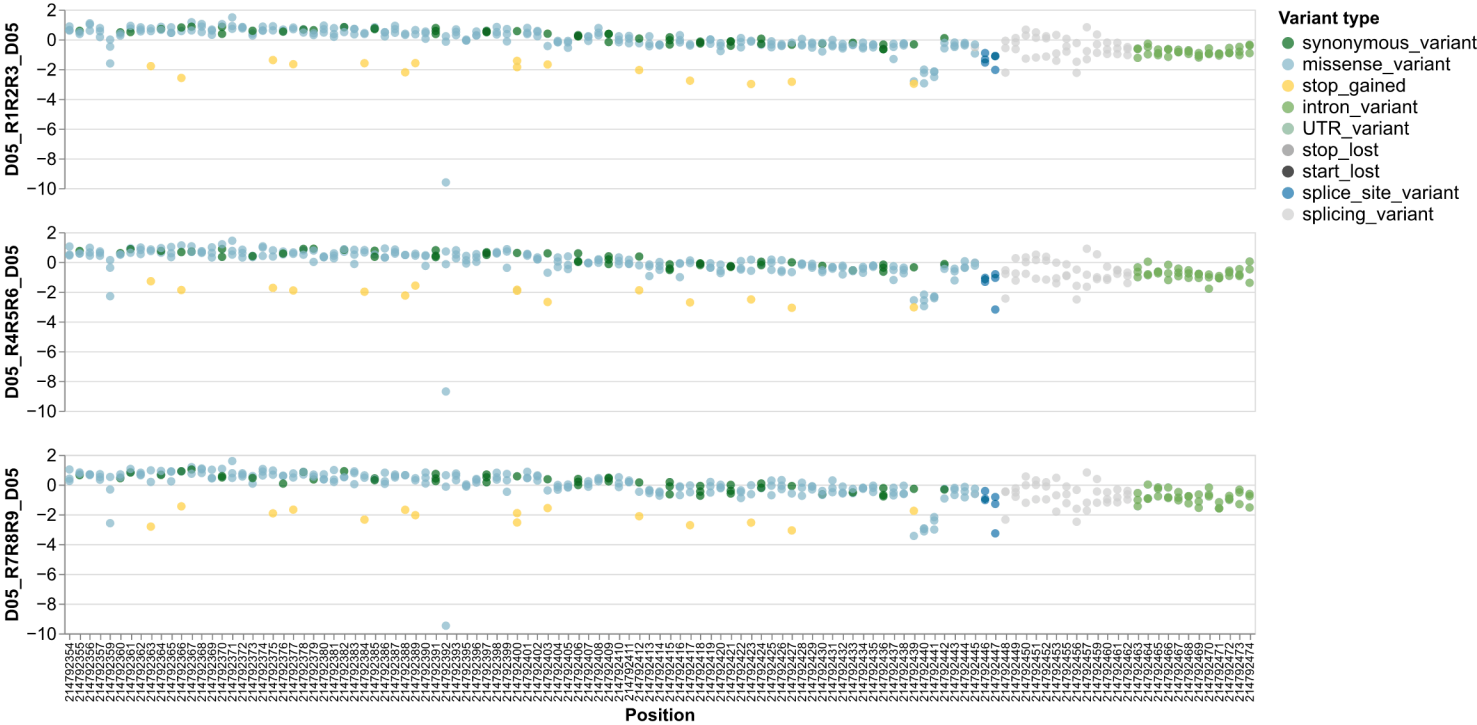

log2 ratios per variant, day 13

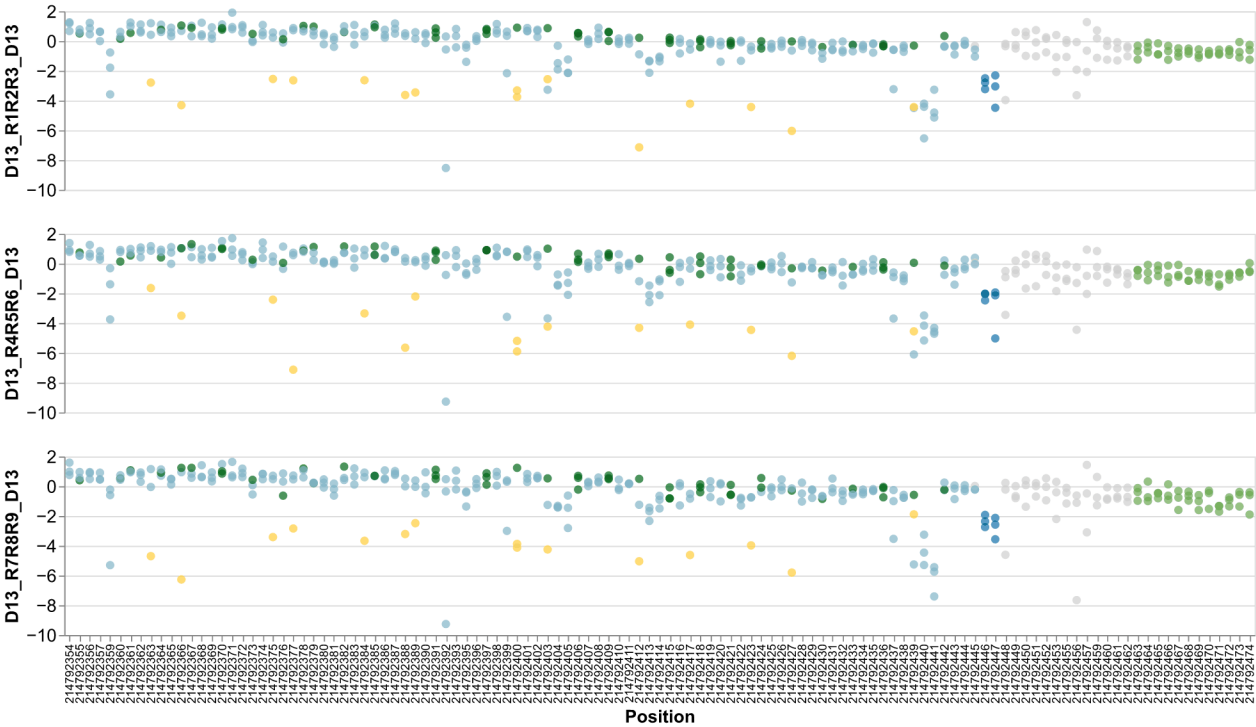

BARD1 X3A

log2 ratios per variant - day 05 (top) / day 13 (bottom)

log2 ratios per variant, day 05

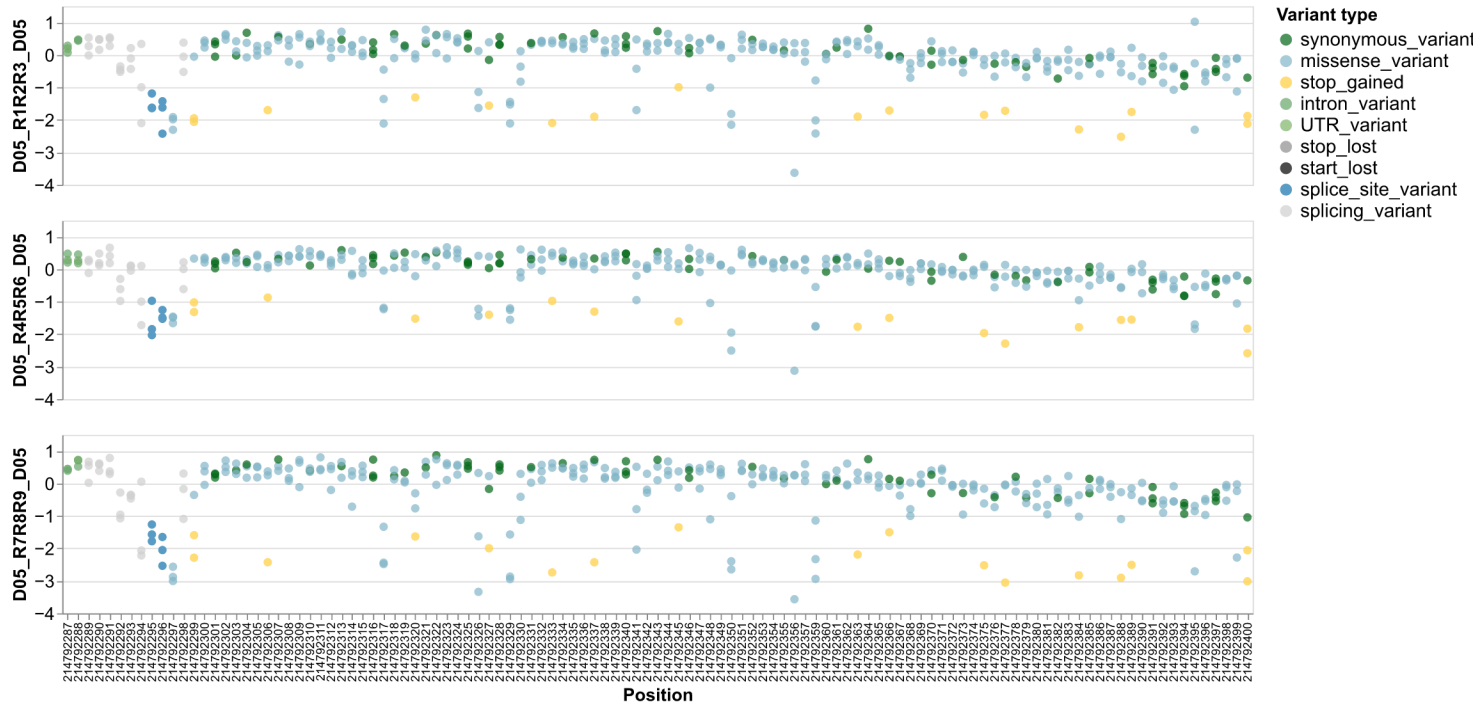

log2 ratios per variant, day 13

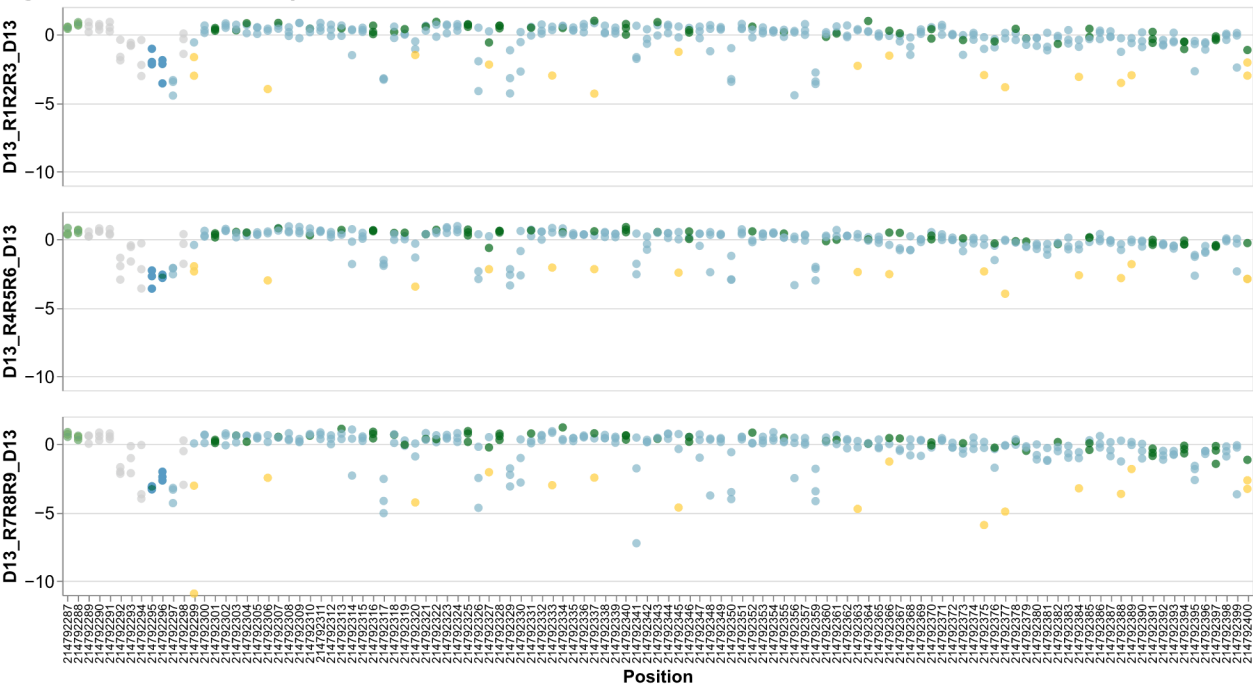

BARD1 X3B

log2 ratios per variant - day 05 (top) / day 13 (bottom)

log2 ratios per variant, day 05

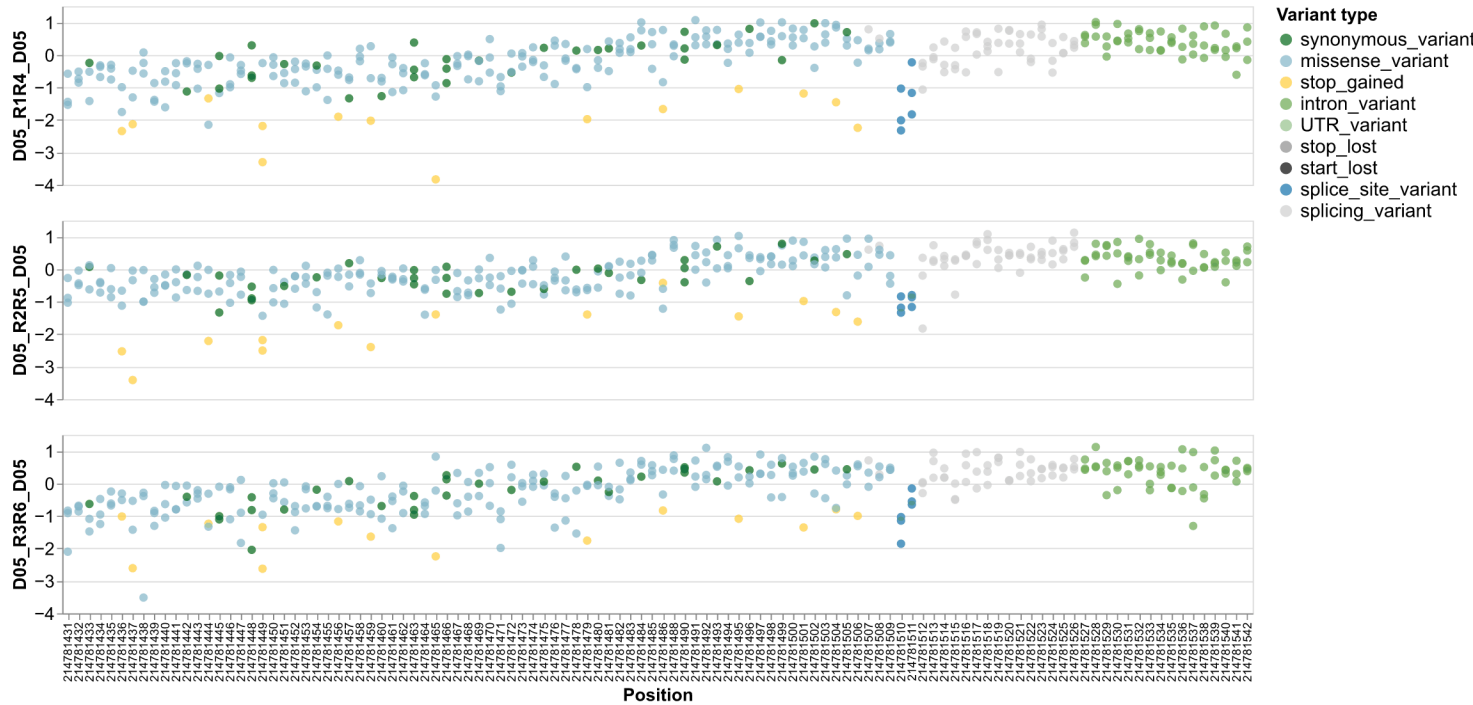

log2 ratios per variant, day 13

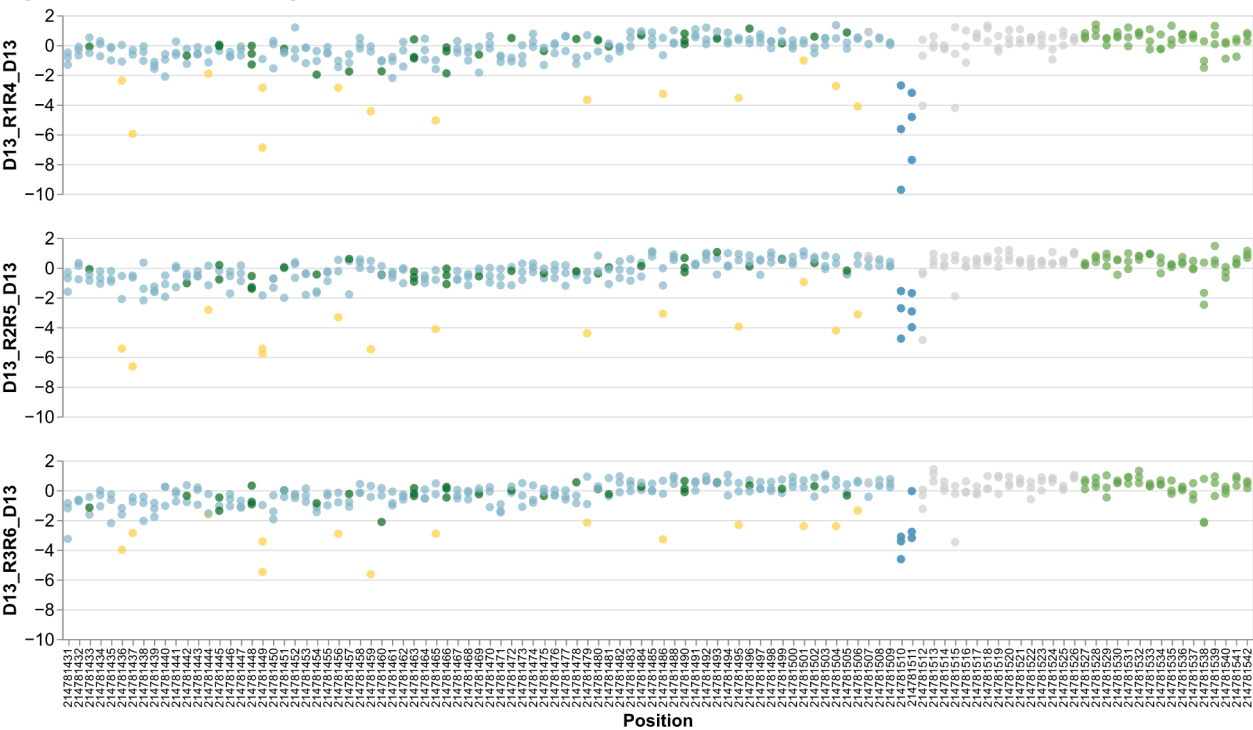

BARD1 X4A

log2 ratios per variant - day 05 (top) / day 13 (bottom)

log2 ratios per variant, day 05

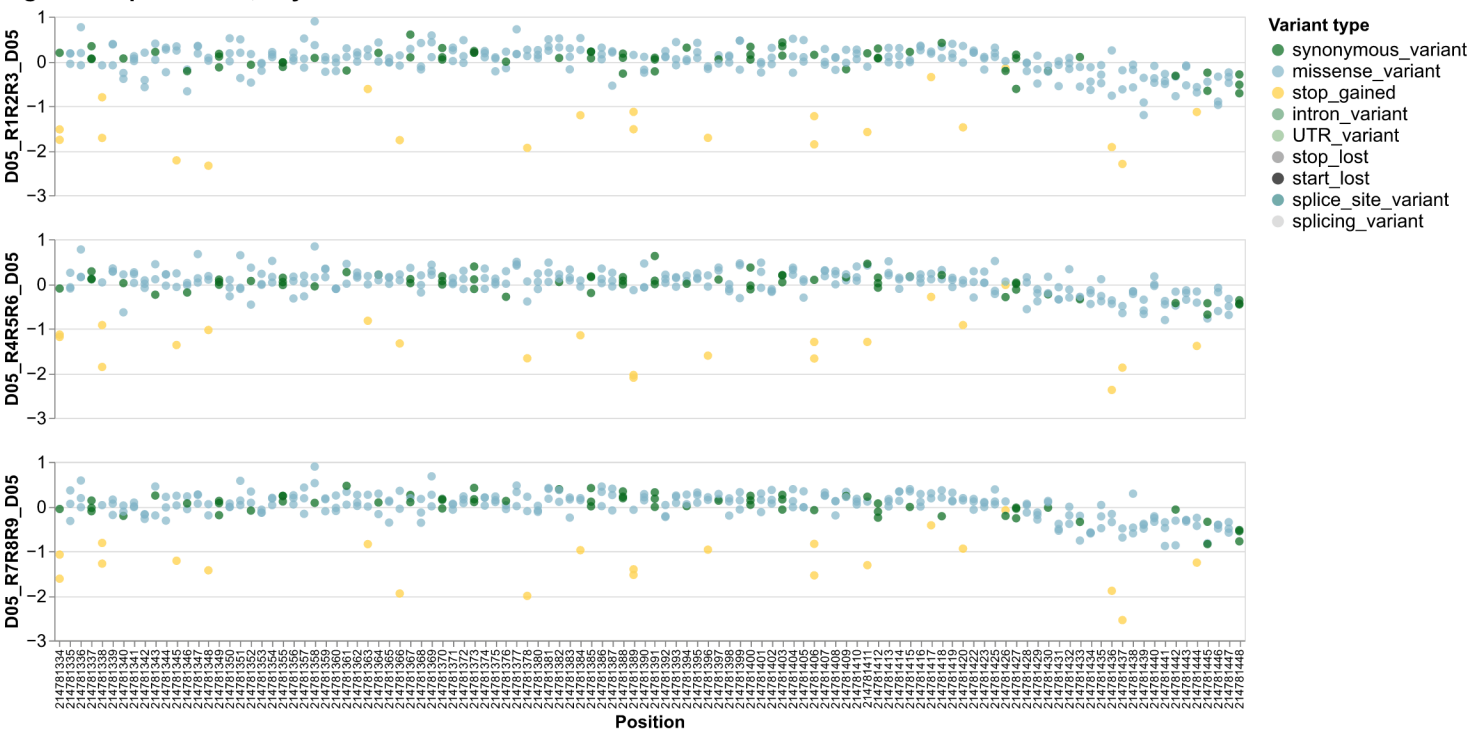

log2 ratios per variant, day 13

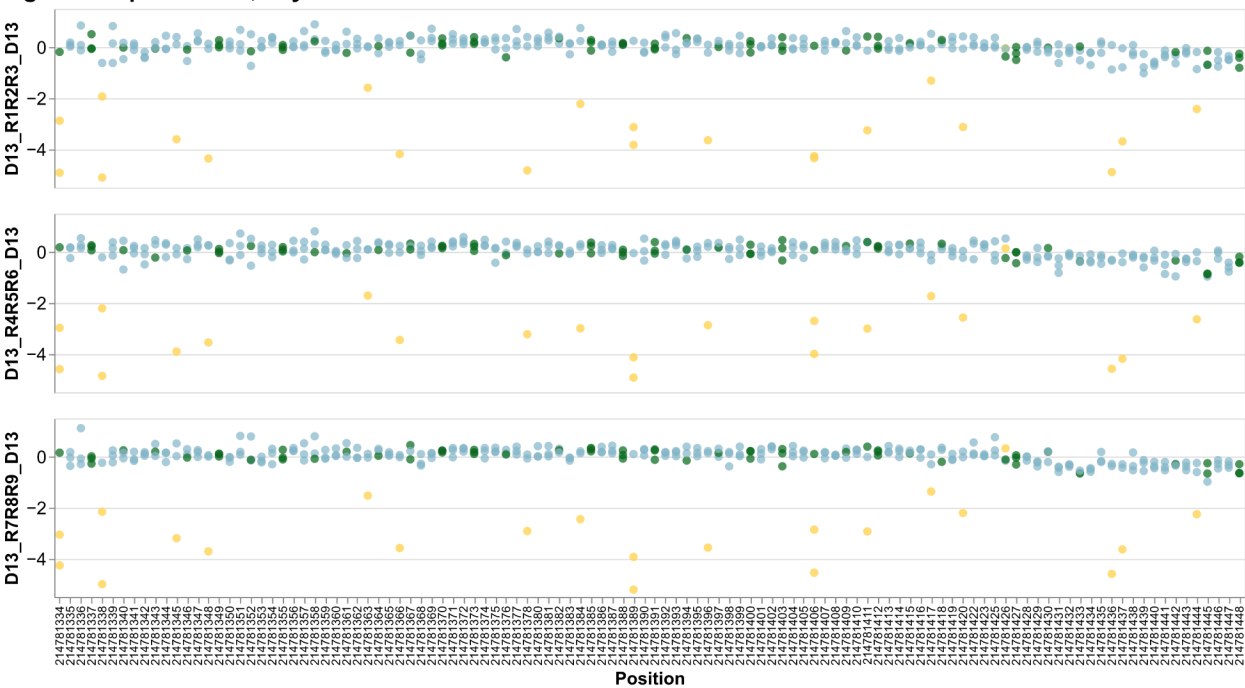

BARD1 X4B

log2 ratios per variant - day 05 (top) / day 13 (bottom)

log2 ratios per variant, day 05

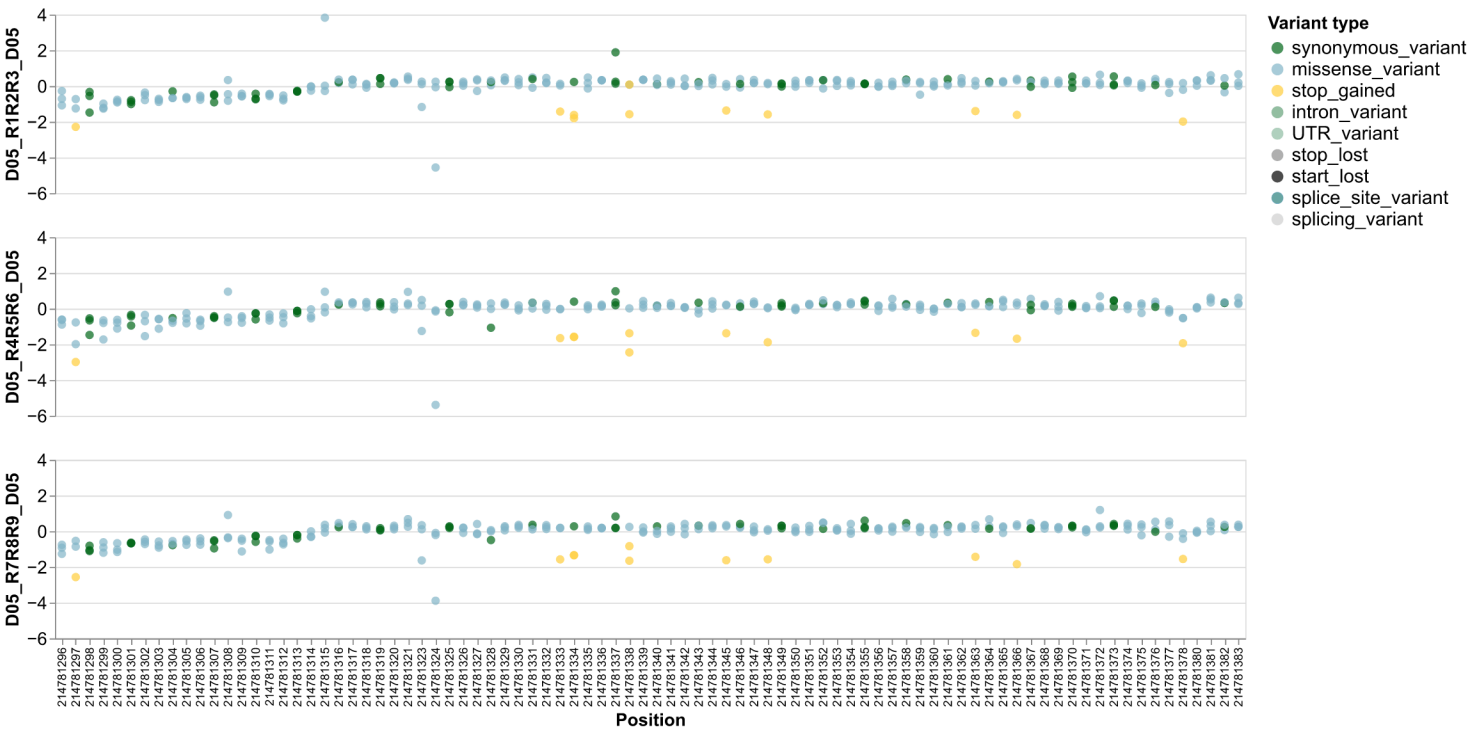

log2 ratios per variant, day 13

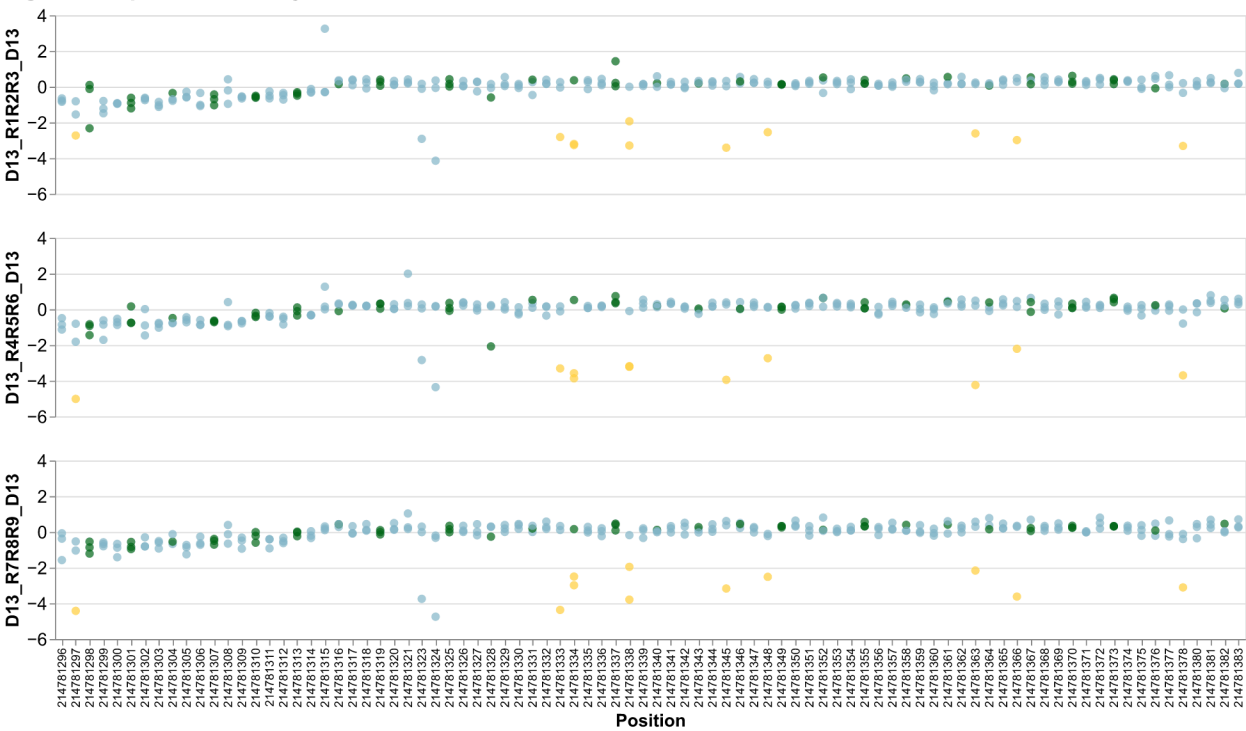

BARD1 X4C

log2 ratios per variant - day 05 (top) / day 13 (bottom)

log2 ratios per variant, day 05

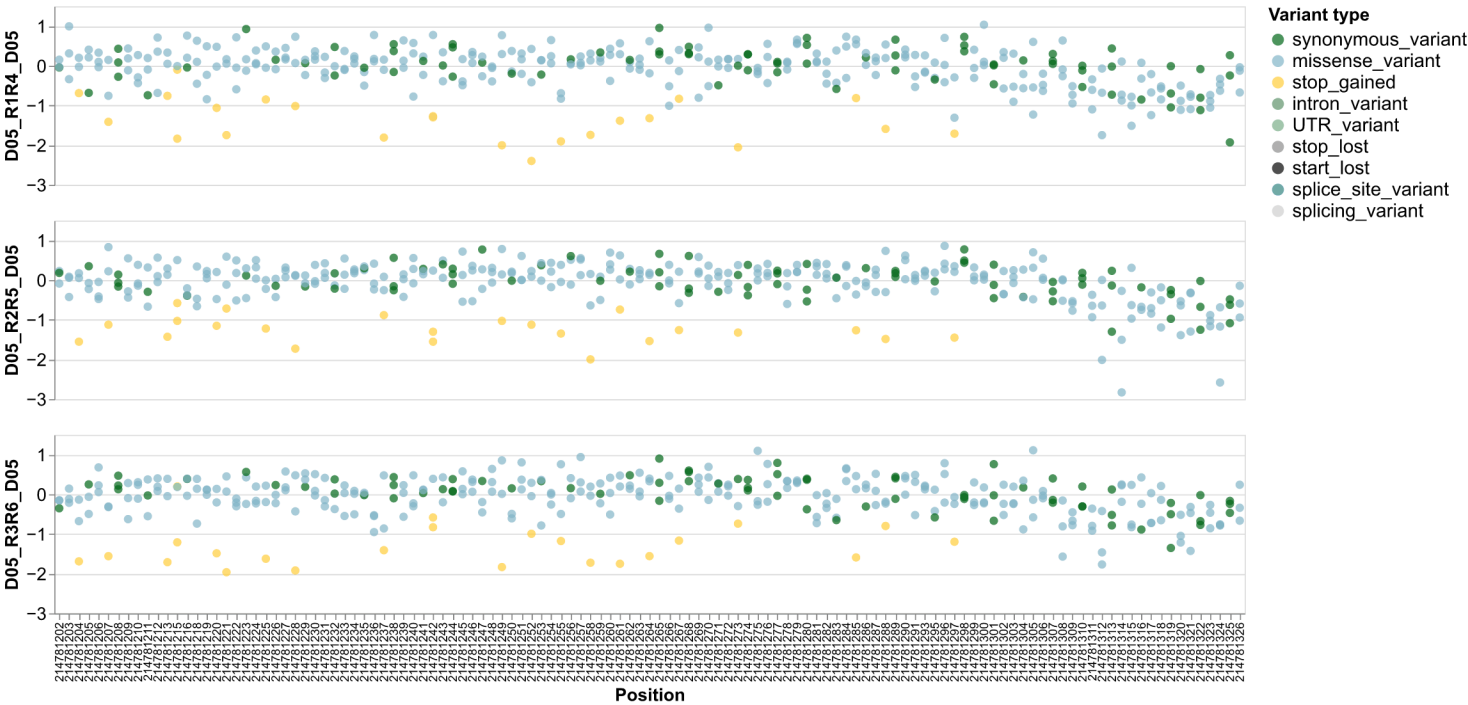

log2 ratios per variant, day 13

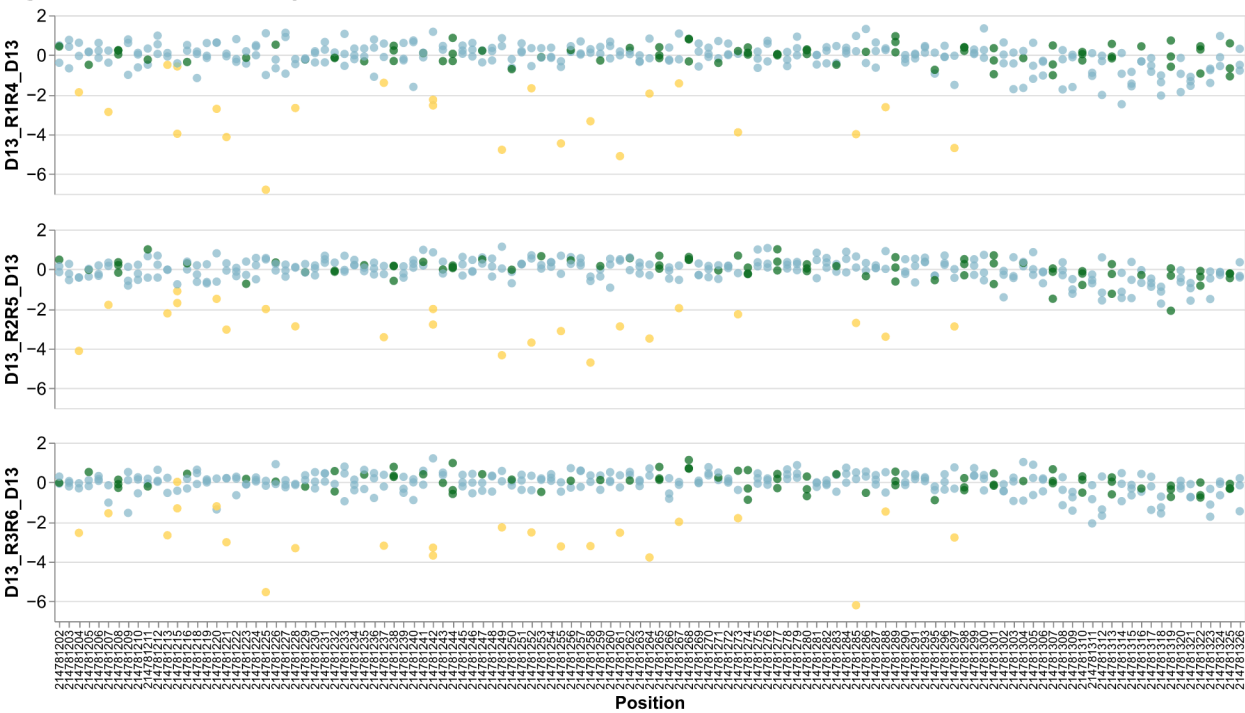

BARD1 X4D

log2 ratios per variant - day 05 (top) / day 13 (bottom)

log2 ratios per variant, day 05

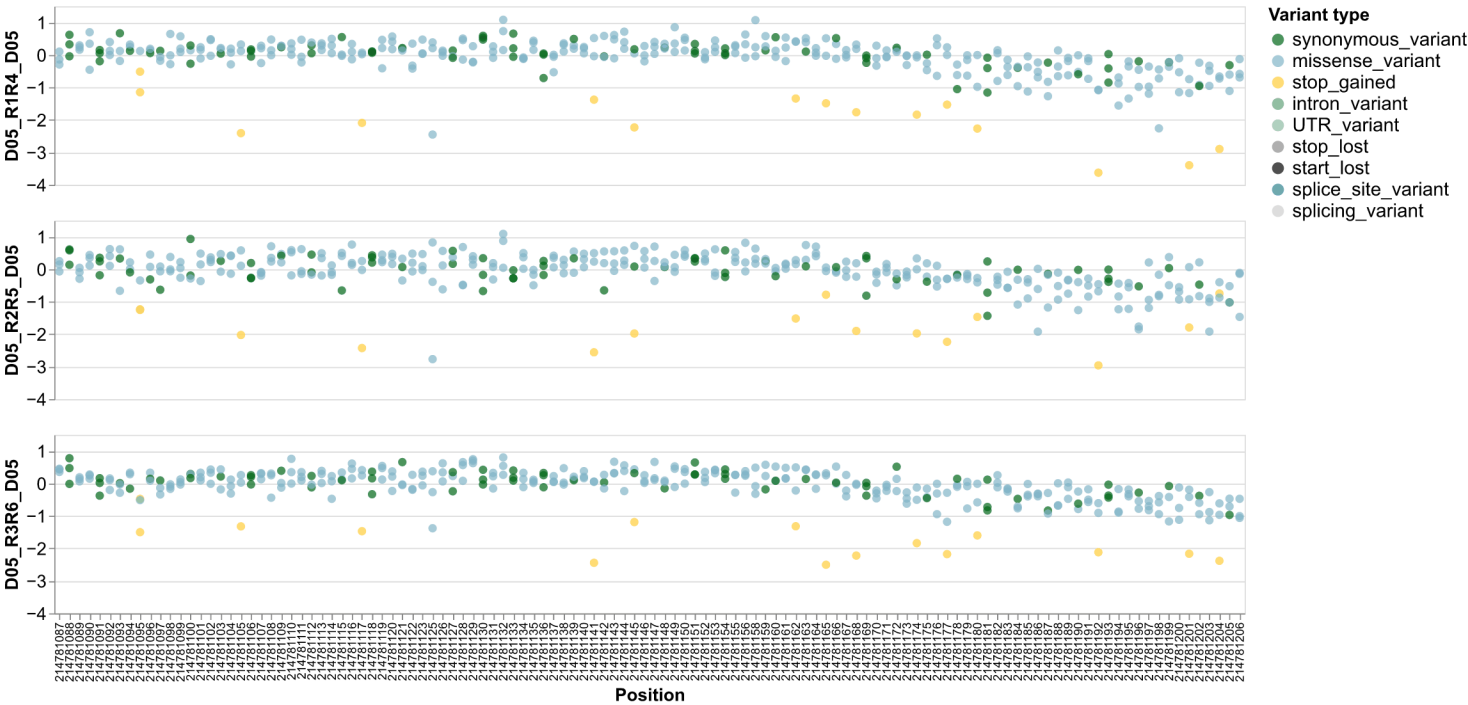

log2 ratios per variant, day 13

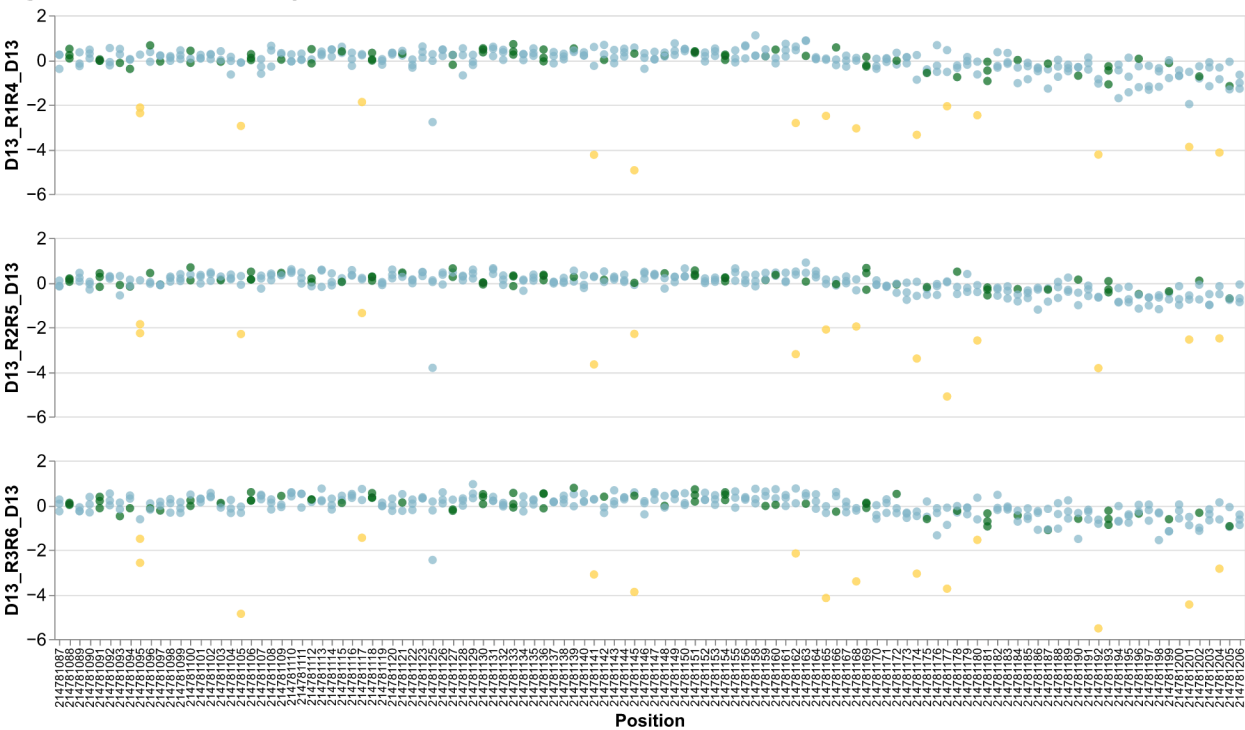

BARD1 X4E

log2 ratios per variant - day 05 (top) / day 13 (bottom)

log2 ratios per variant, day 05

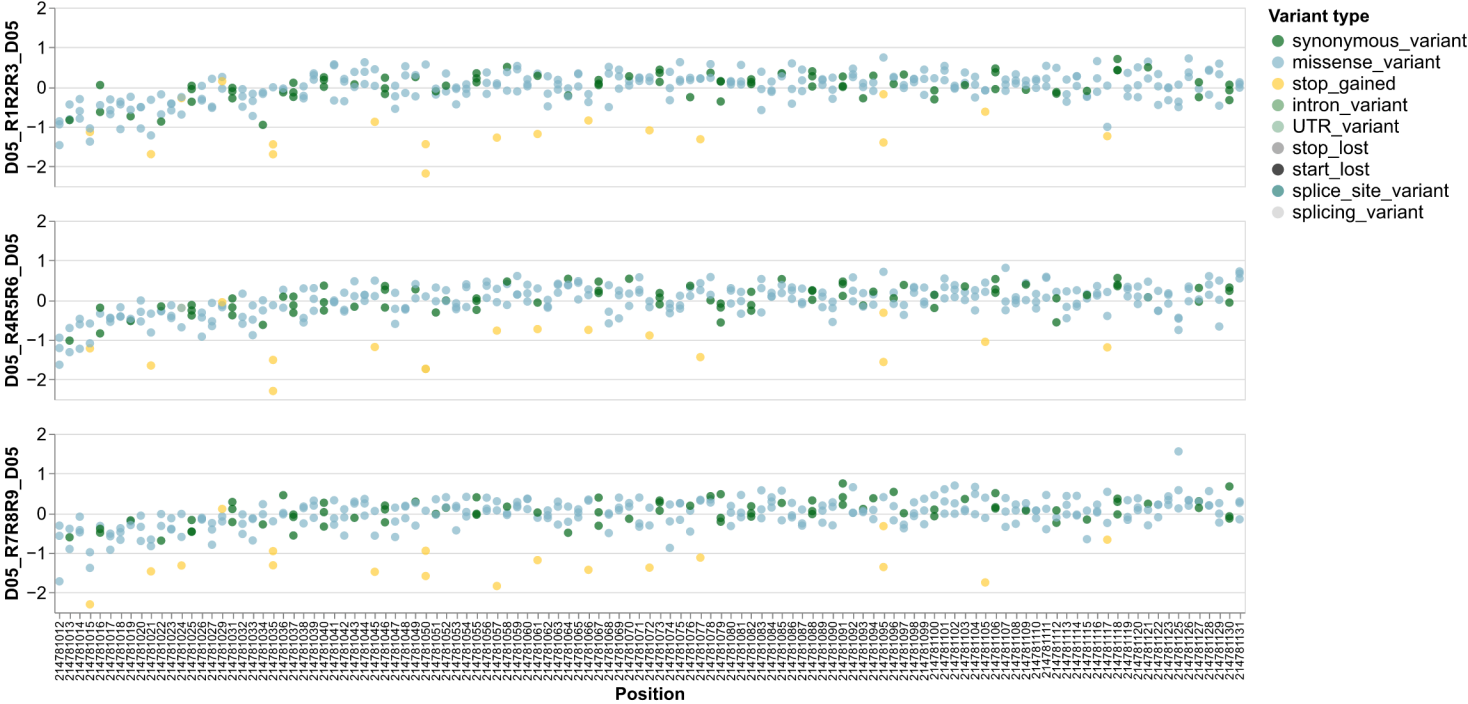

log2 ratios per variant, day 13

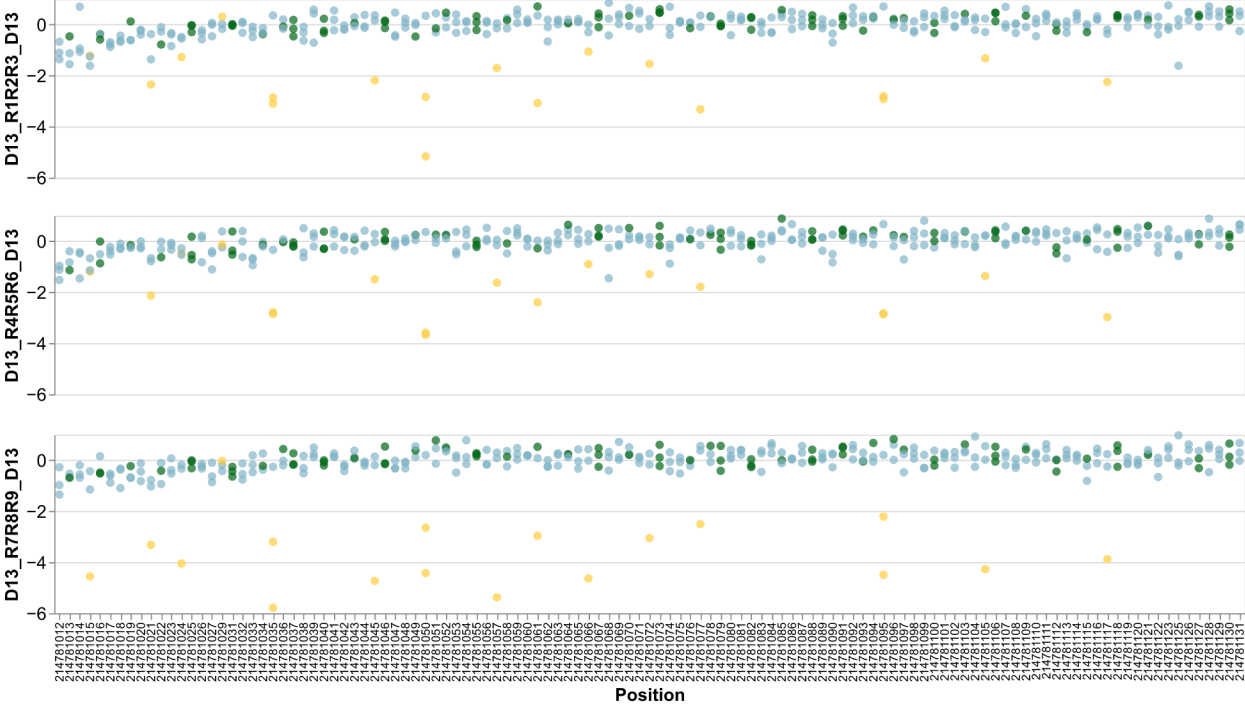

BARD1 X4F

log2 ratios per variant - day 05 (top) / day 13 (bottom)

log2 ratios per variant, day 05

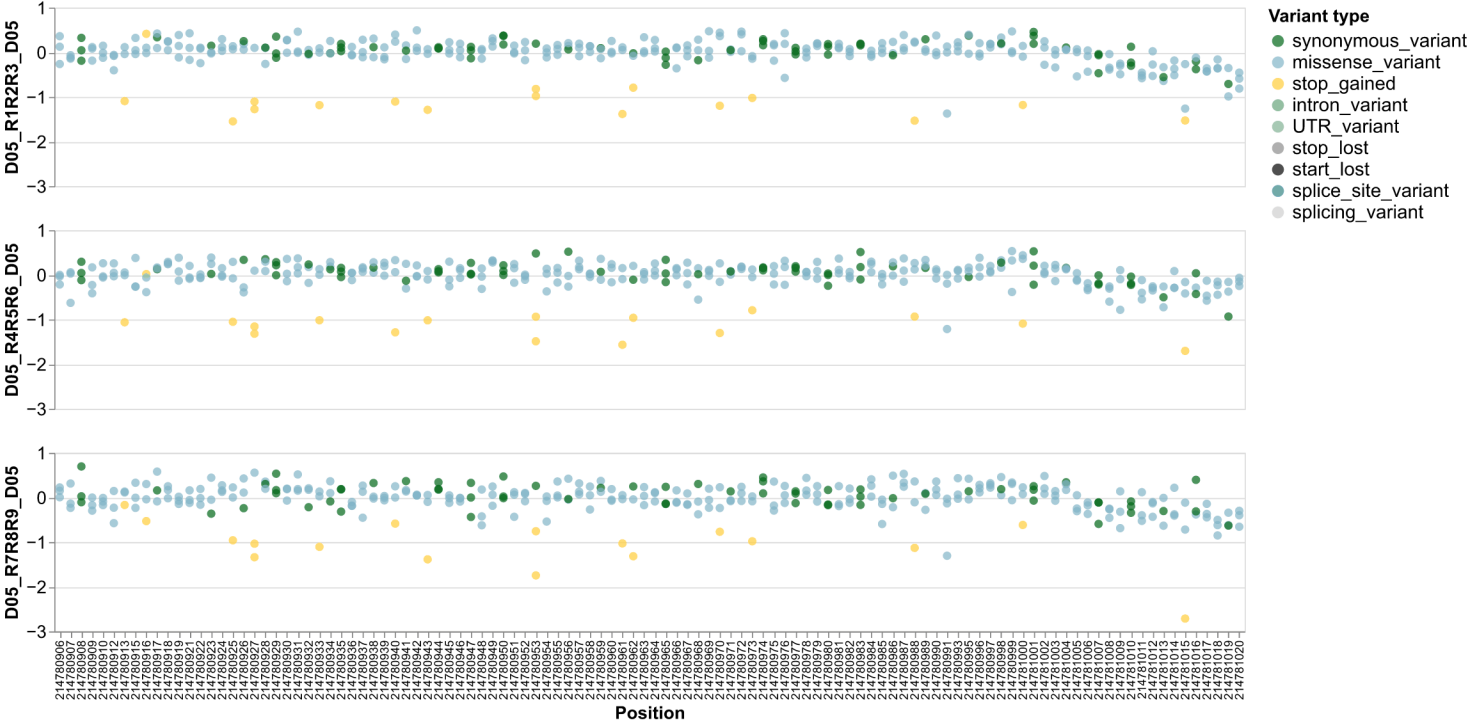

log2 ratios per variant, day 13

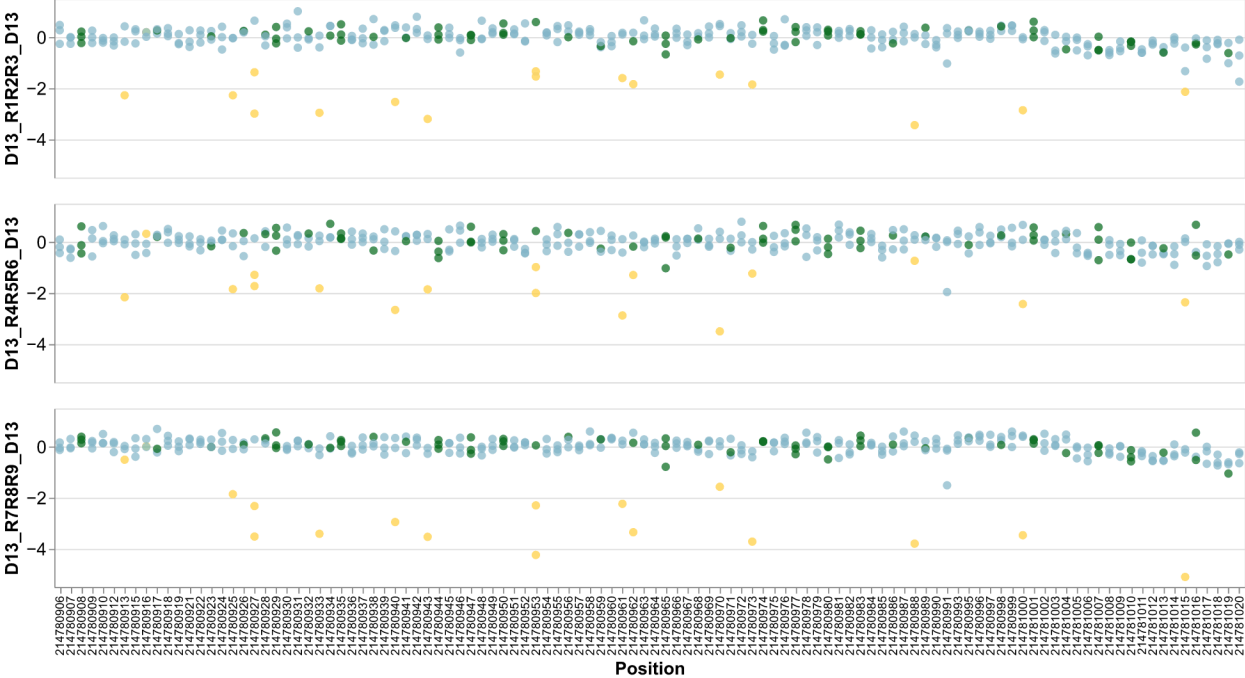

BARD1 X4G

log2 ratios per variant - day 05 (top) / day 13 (bottom)

log2 ratios per variant, day 05

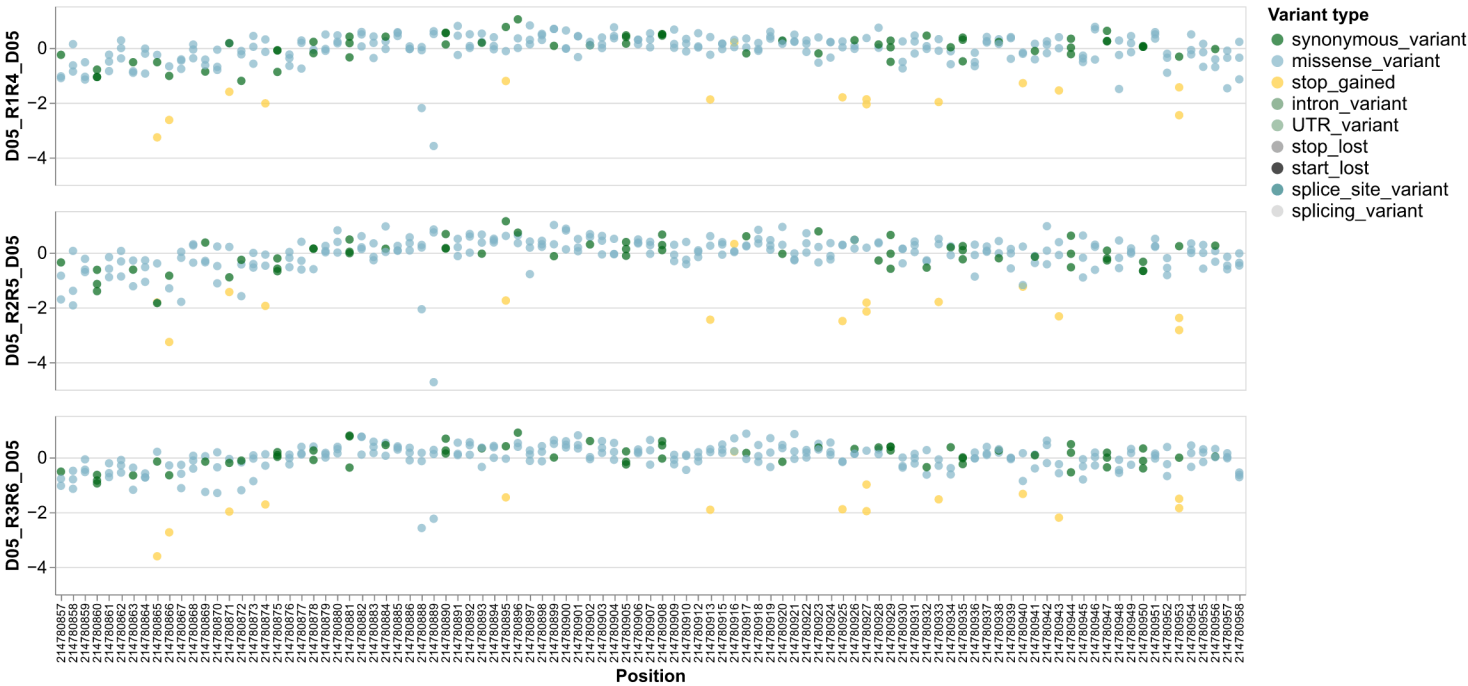

log2 ratios per variant, day 13

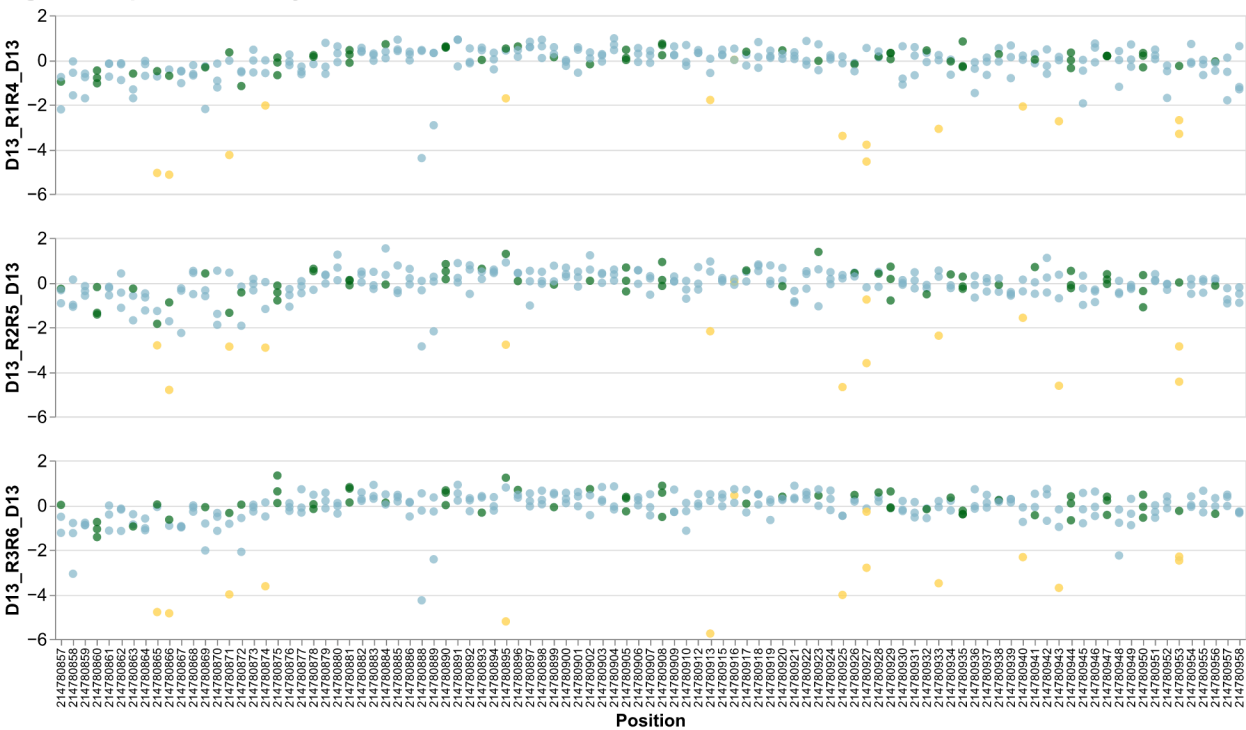

BARD1 X4H

log2 ratios per variant - day 05 (top) / day 13 (bottom)

log2 ratios per variant, day 05

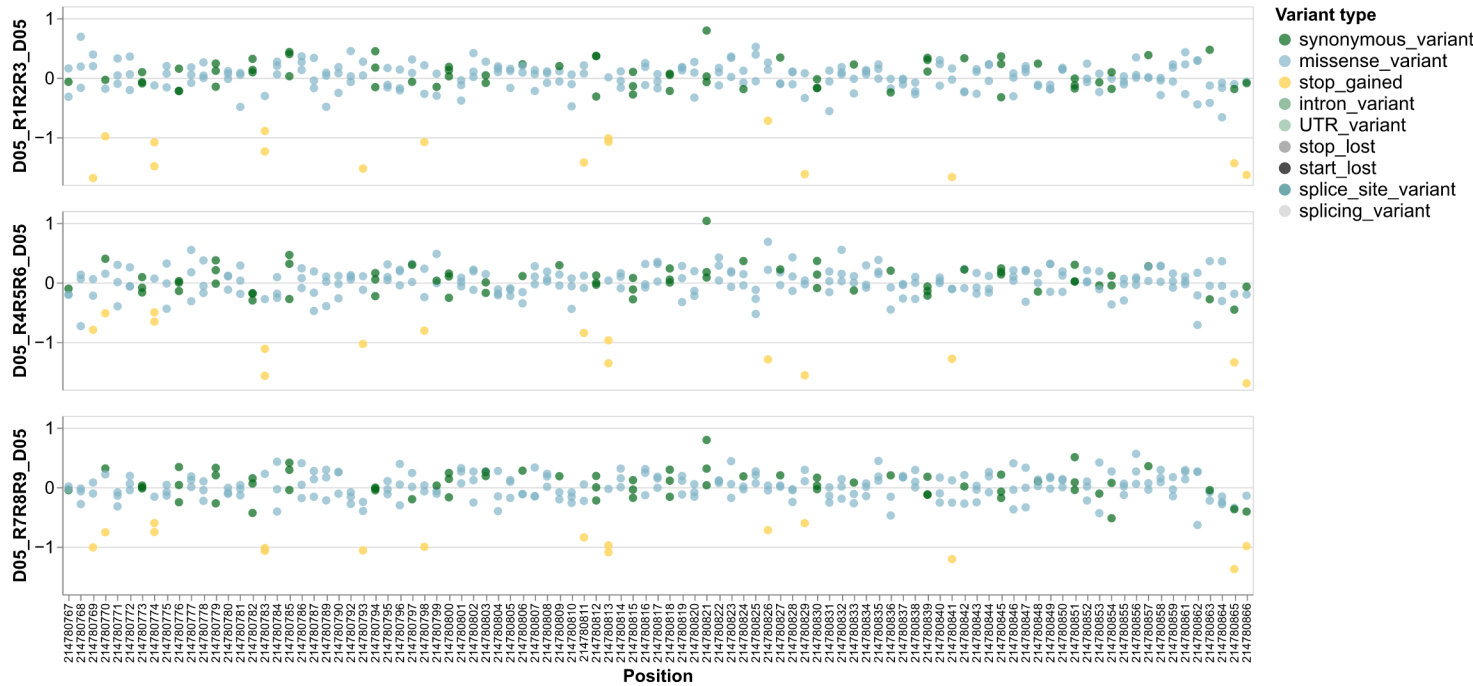

log2 ratios per variant, day 13

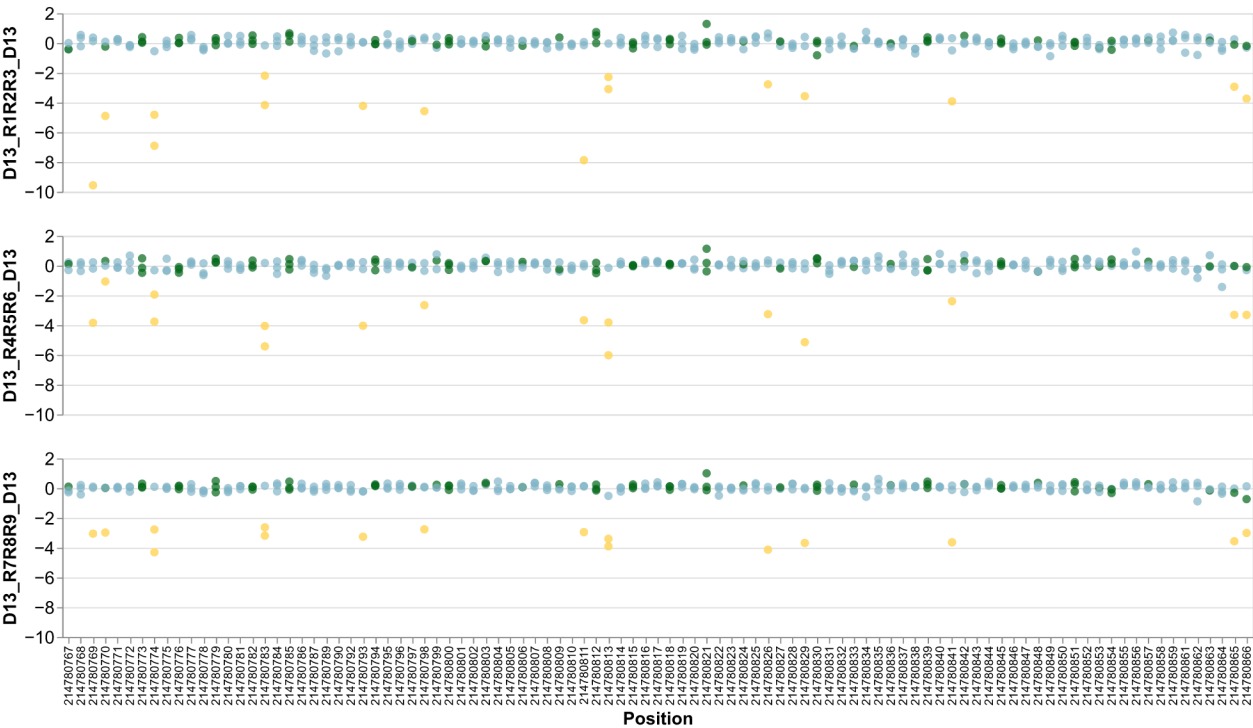

BARD1 X4I

log2 ratios per variant - day 05 (top) / day 13 (bottom)

log2 ratios per variant, day 05

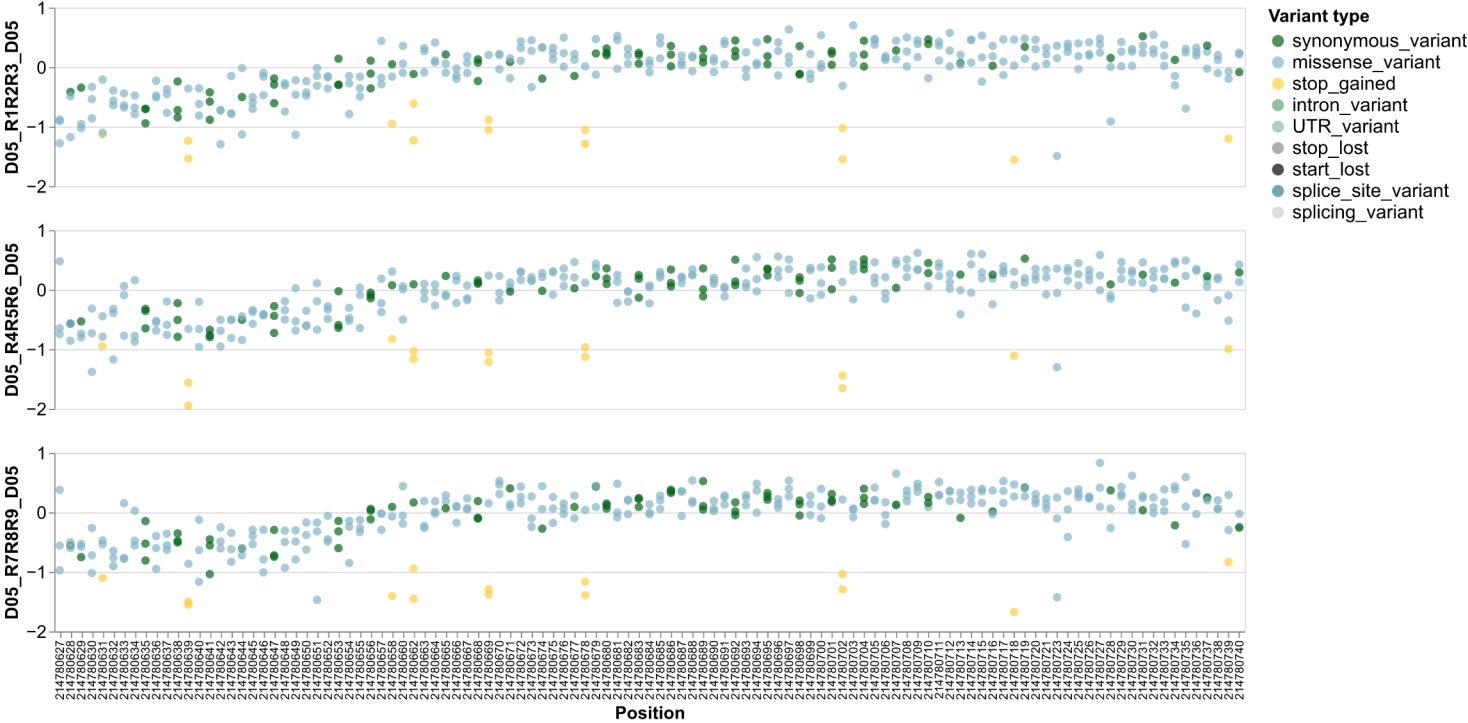

log2 ratios per variant, day 13

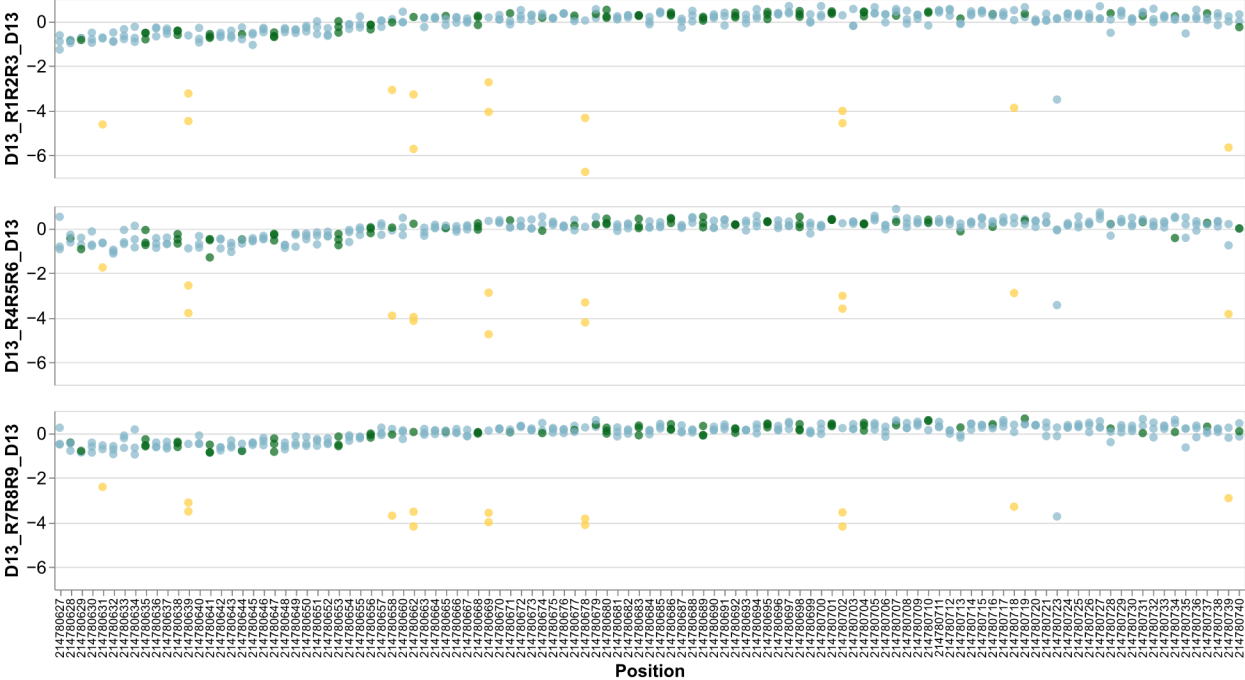

BARD1 X4K

log2 ratios per variant - day 05 (top) / day 13 (bottom)

log2 ratios per variant, day 05

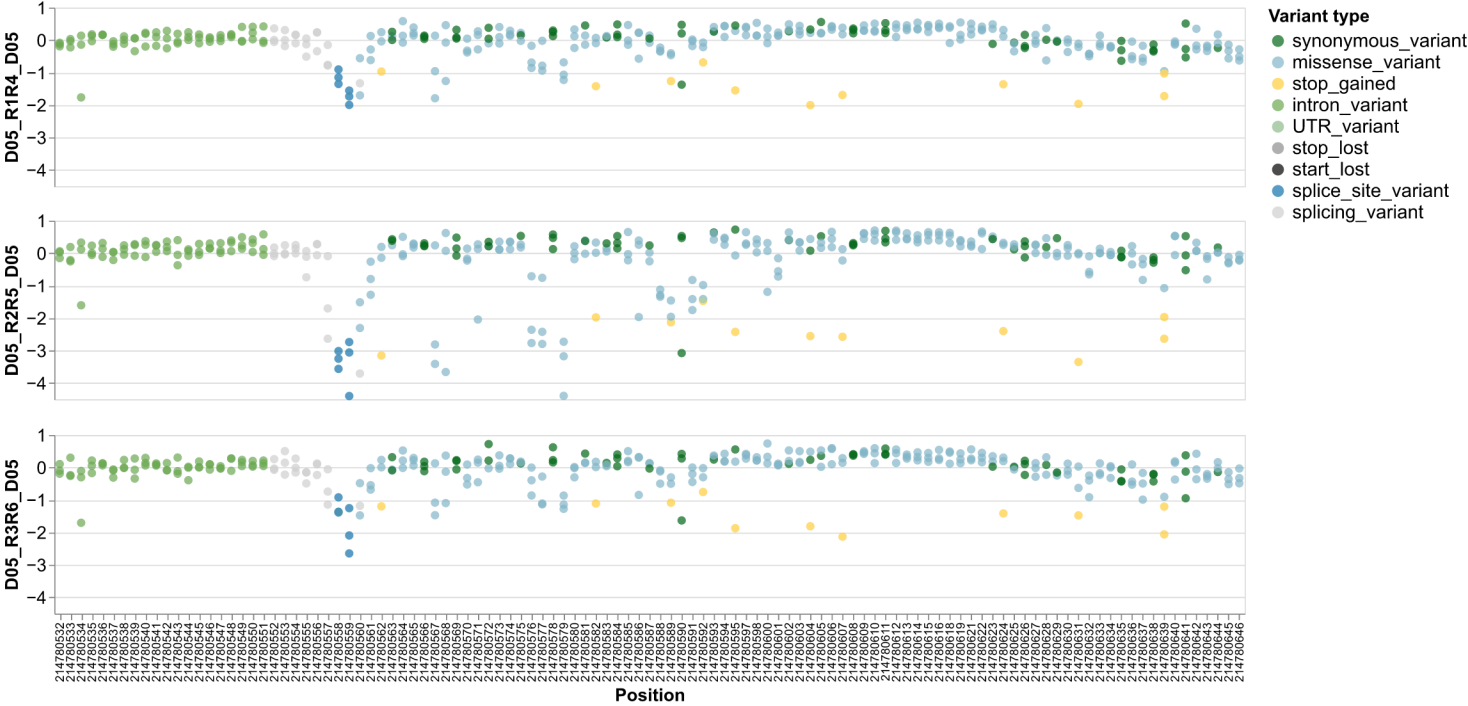

log2 ratios per variant, day 13

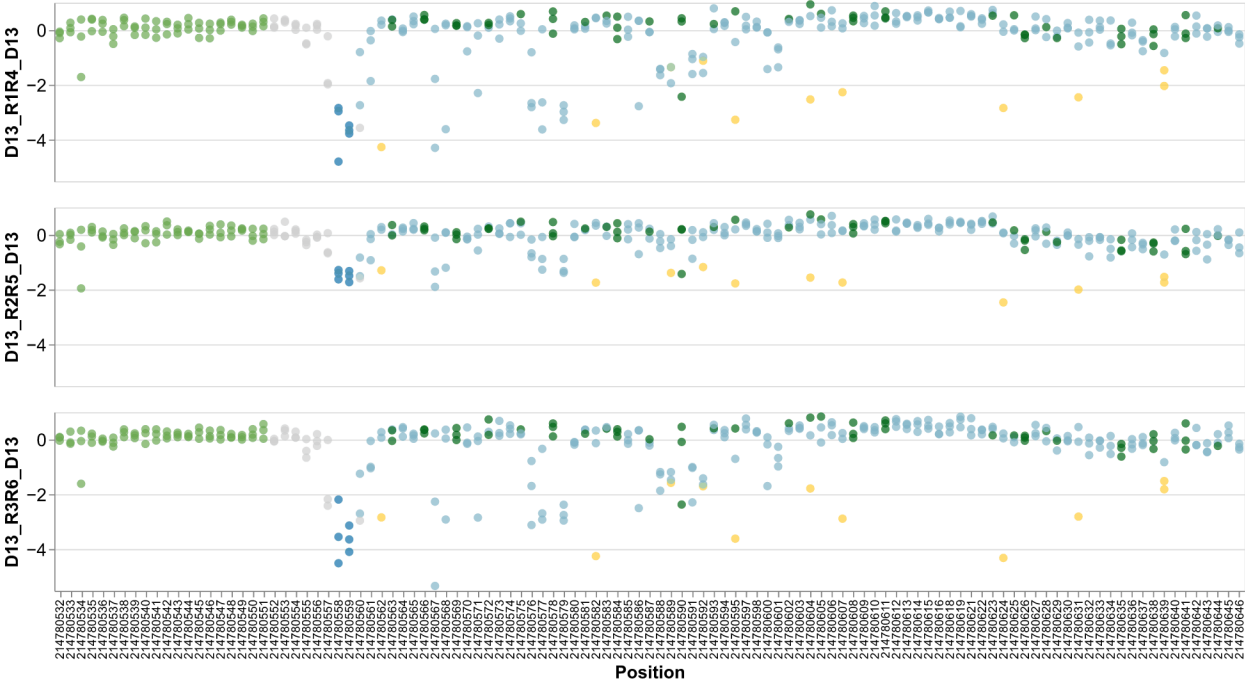

BARD1 X4L

log2 ratios per variant - day 05 (top) / day 13 (bottom)

log2 ratios per variant, day 05

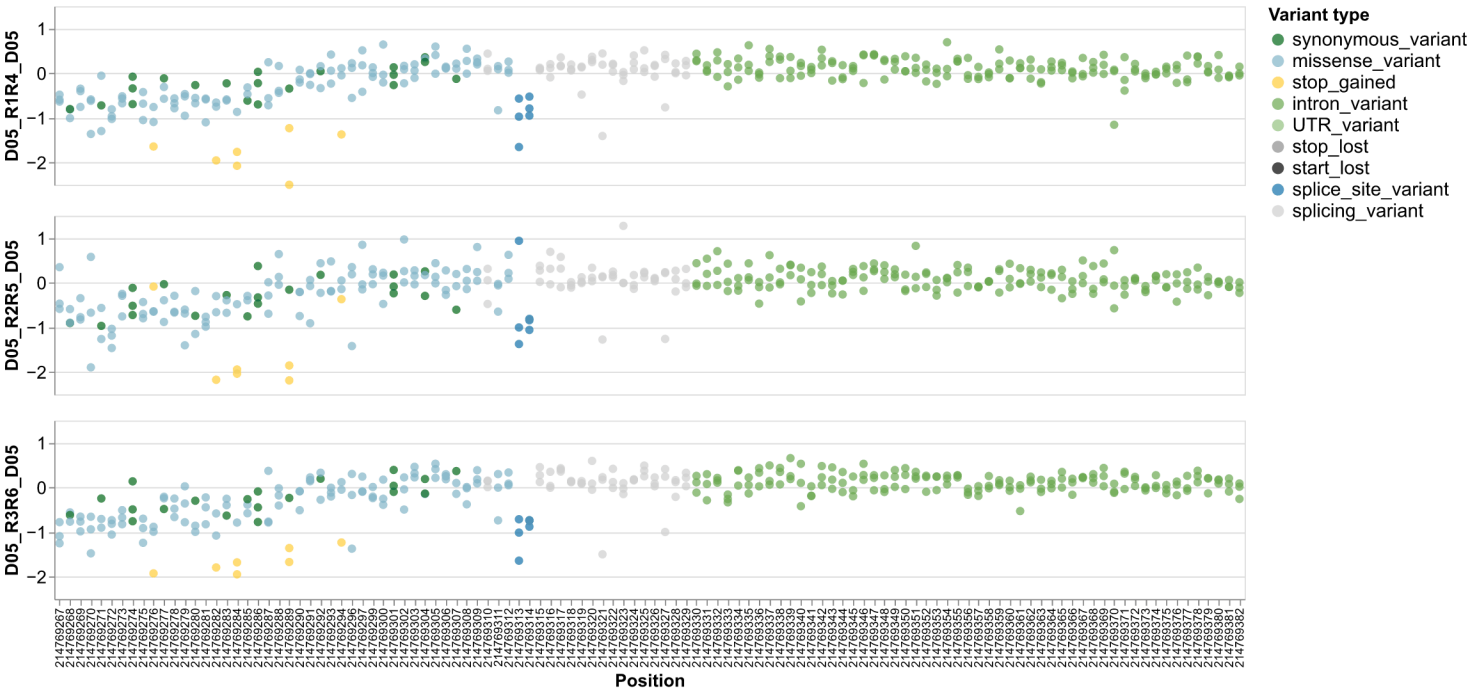

log2 ratios per variant, day 13

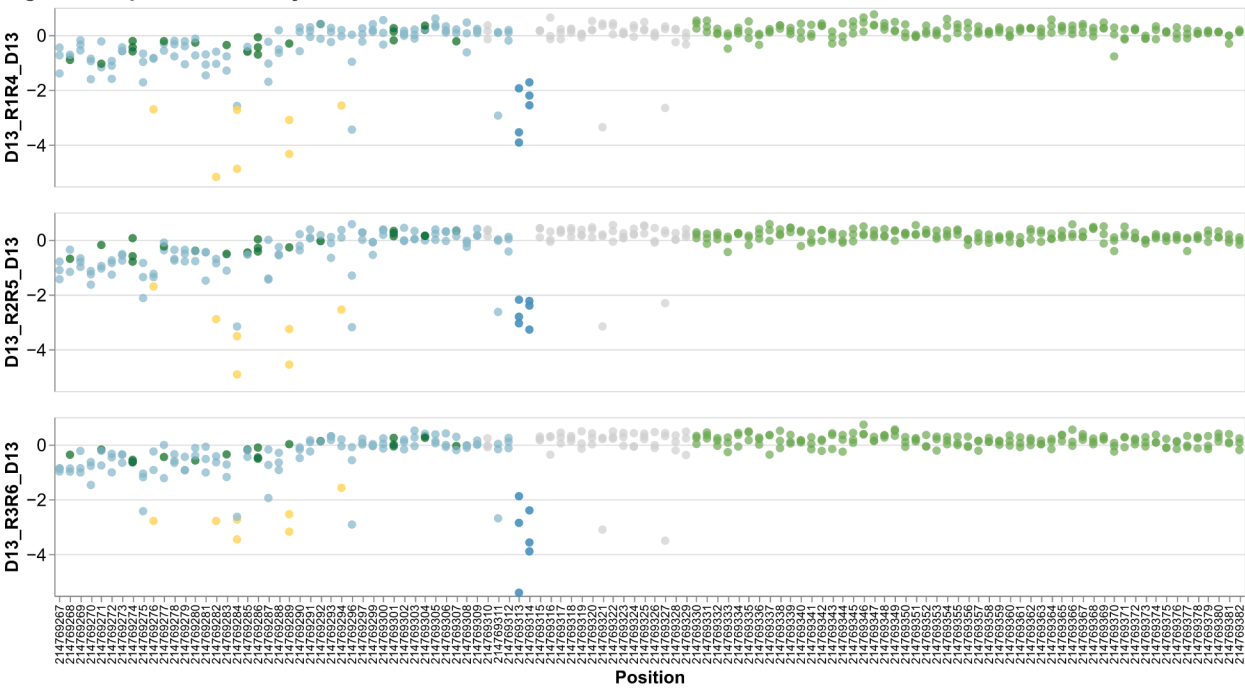

BARD1 X5A

log2 ratios per variant - day 05 (top) / day 13 (bottom)

log2 ratios per variant, day 05

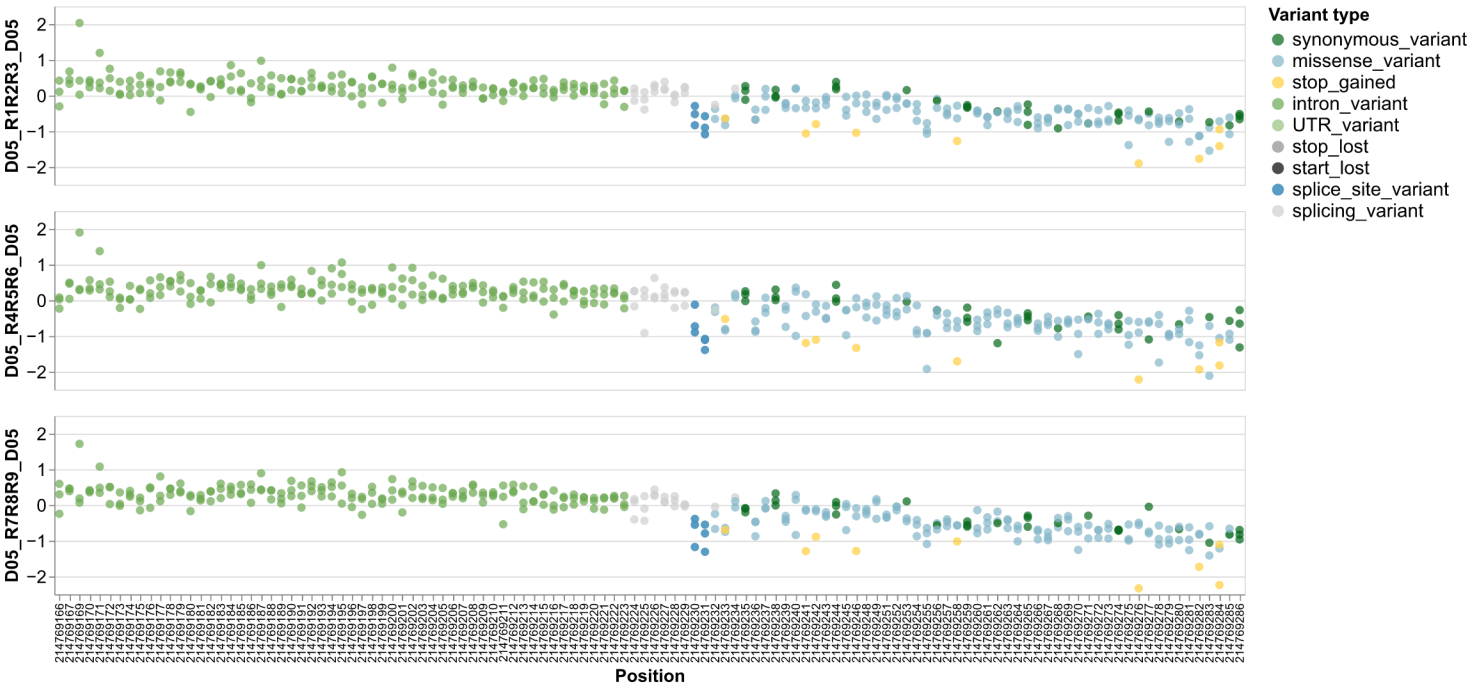

log2 ratios per variant, day 13

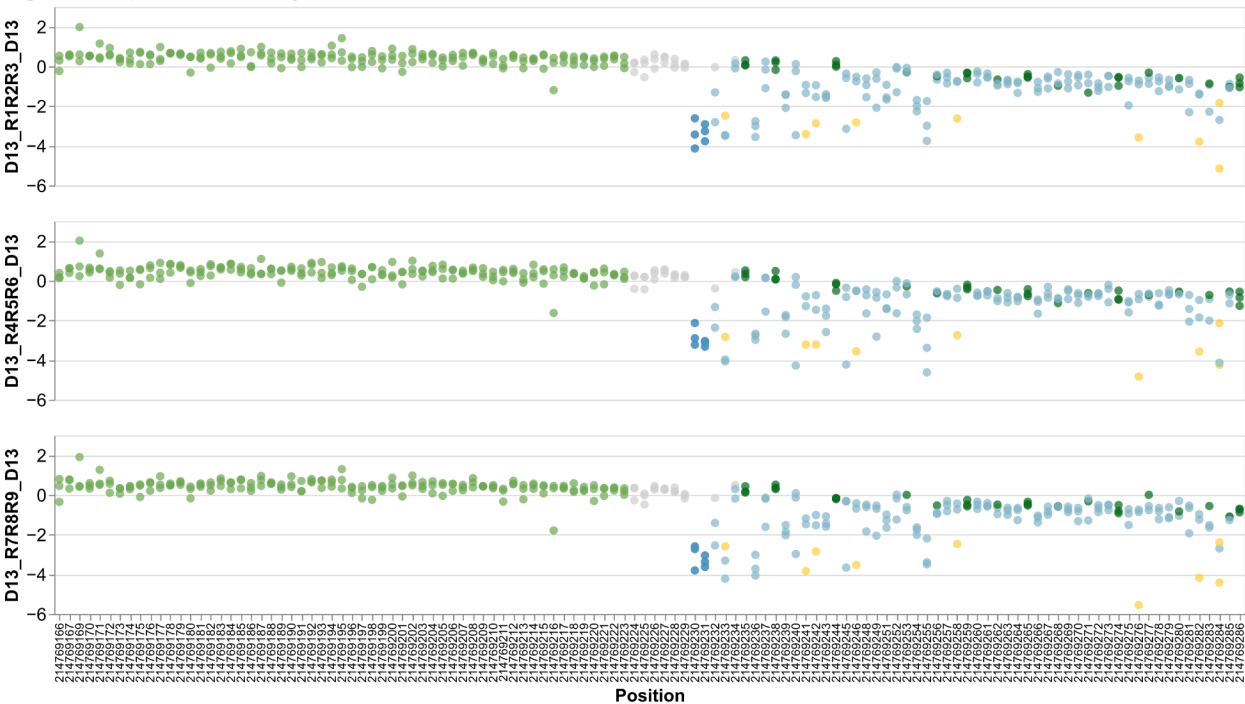

BARD1 X5B

log2 ratios per variant - day 05 (top) / day 13 (bottom)

log2 ratios per variant, day 05

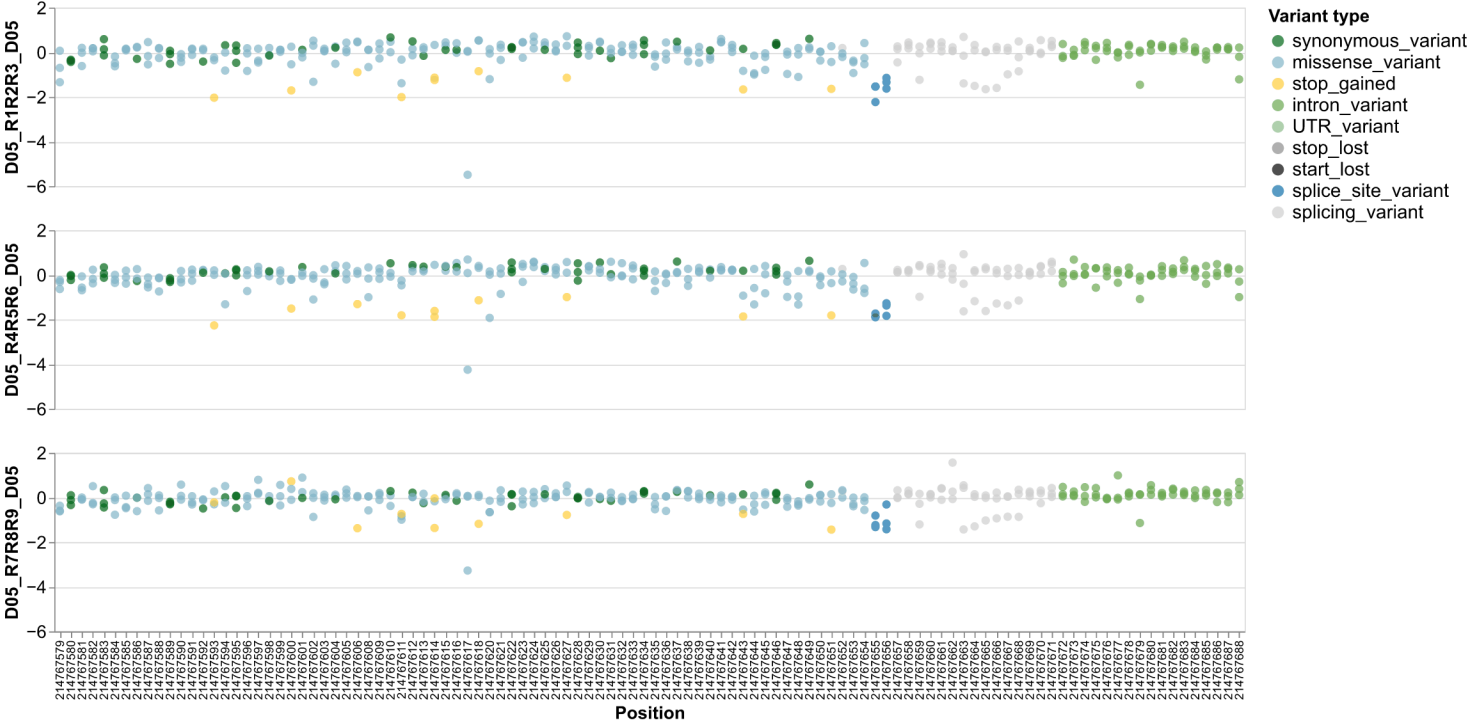

log2 ratios per variant, day 13

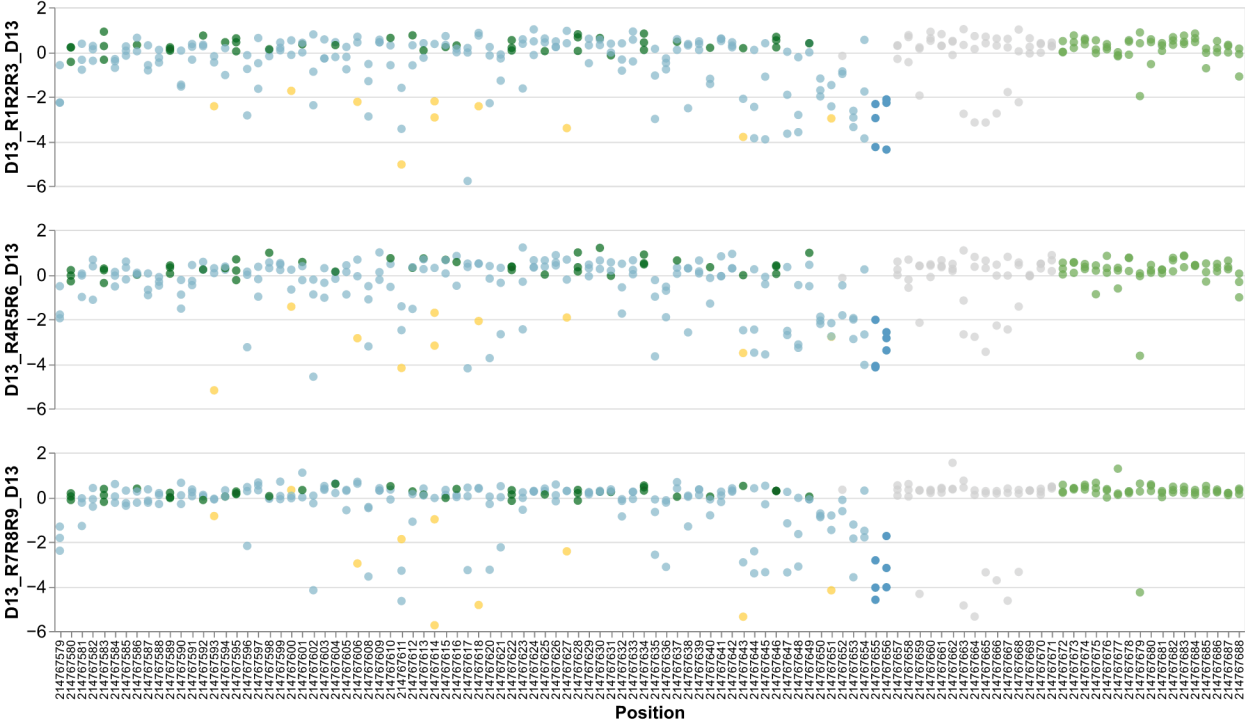

BARD1 X6A

log2 ratios per variant - day 05 (top) / day 13 (bottom)

log2 ratios per variant, day 05

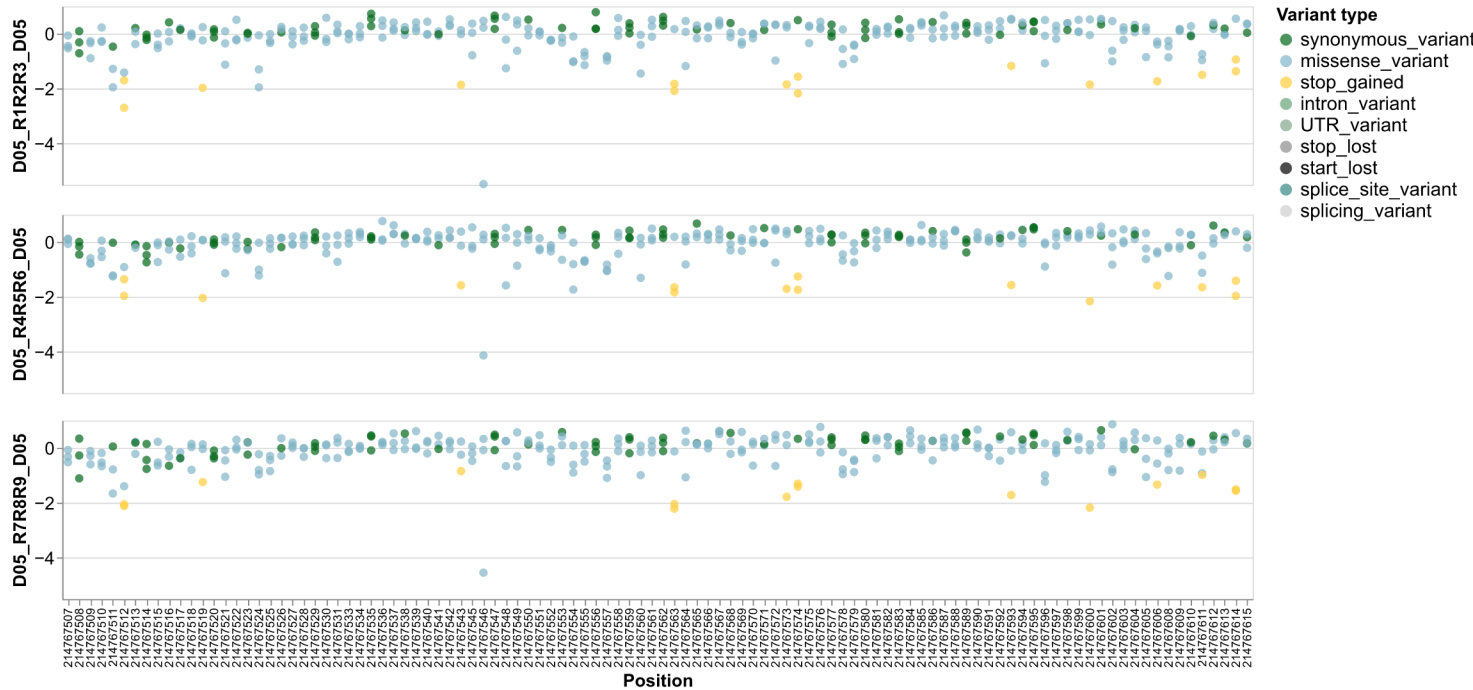

log2 ratios per variant, day 13

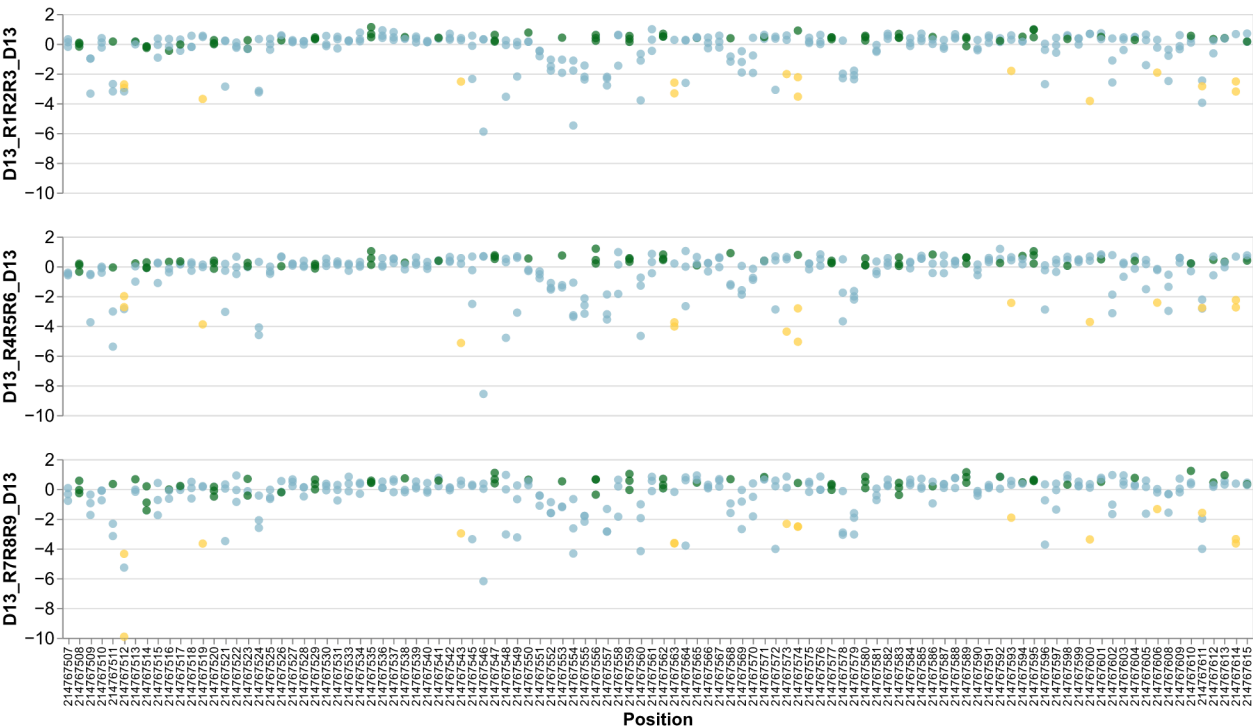

BARD1 X6B

log2 ratios per variant - day 05 (top) / day 13 (bottom)

log2 ratios per variant, day 05

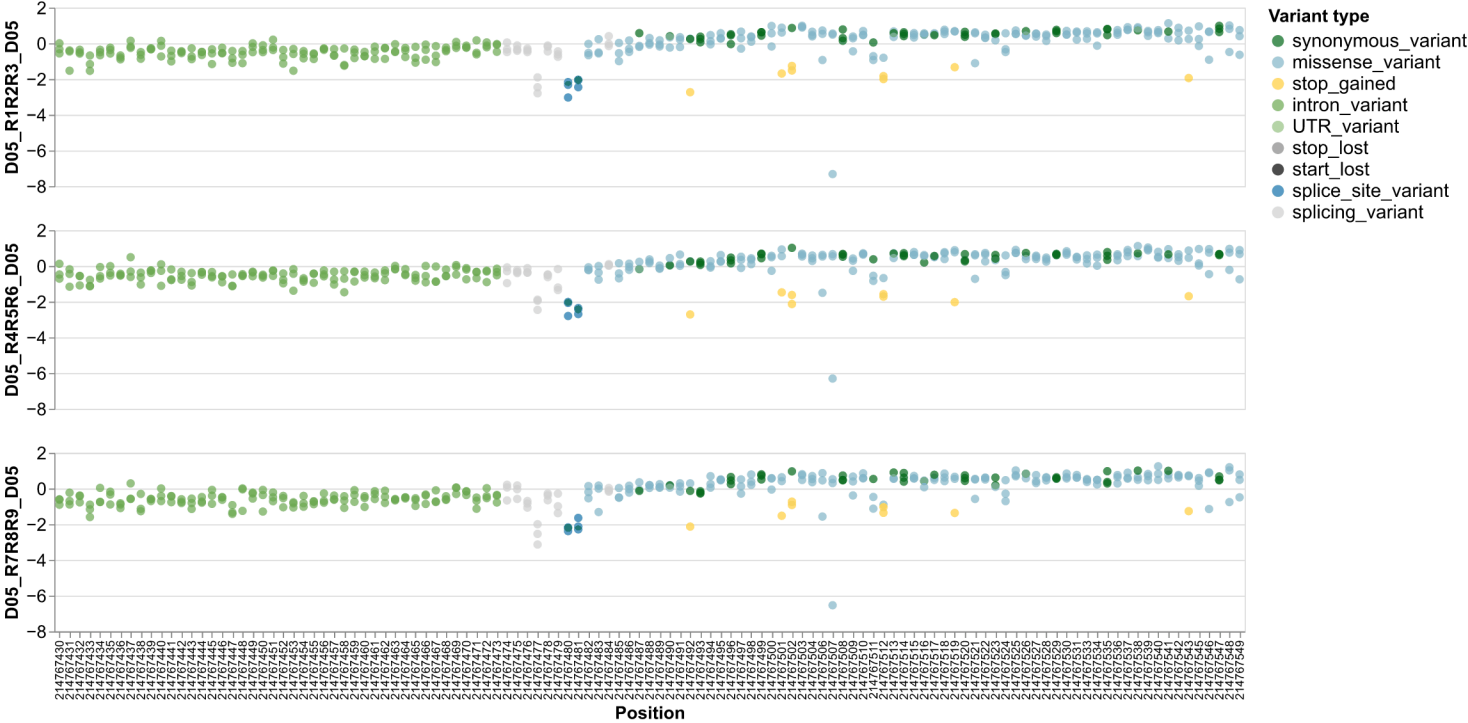

log2 ratios per variant, day 13

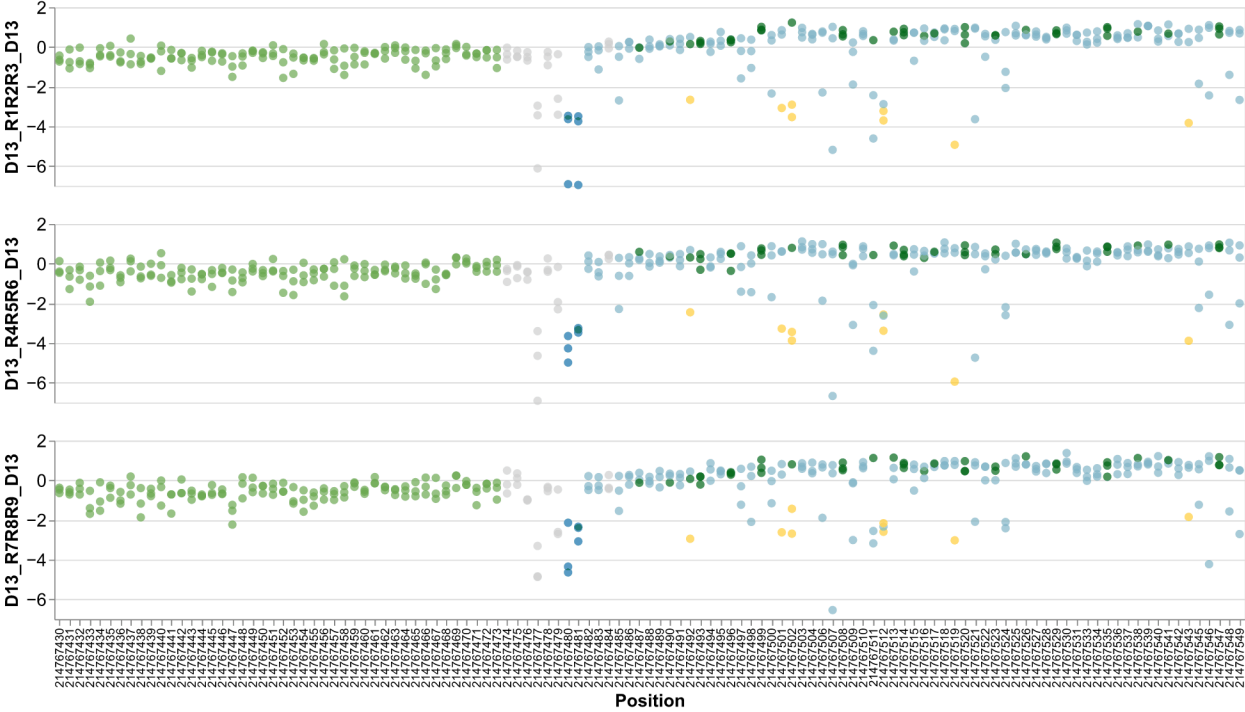

BARD1 X6C

log2 ratios per variant - day 05 (top) / day 13 (bottom)

log2 ratios per variant, day 05

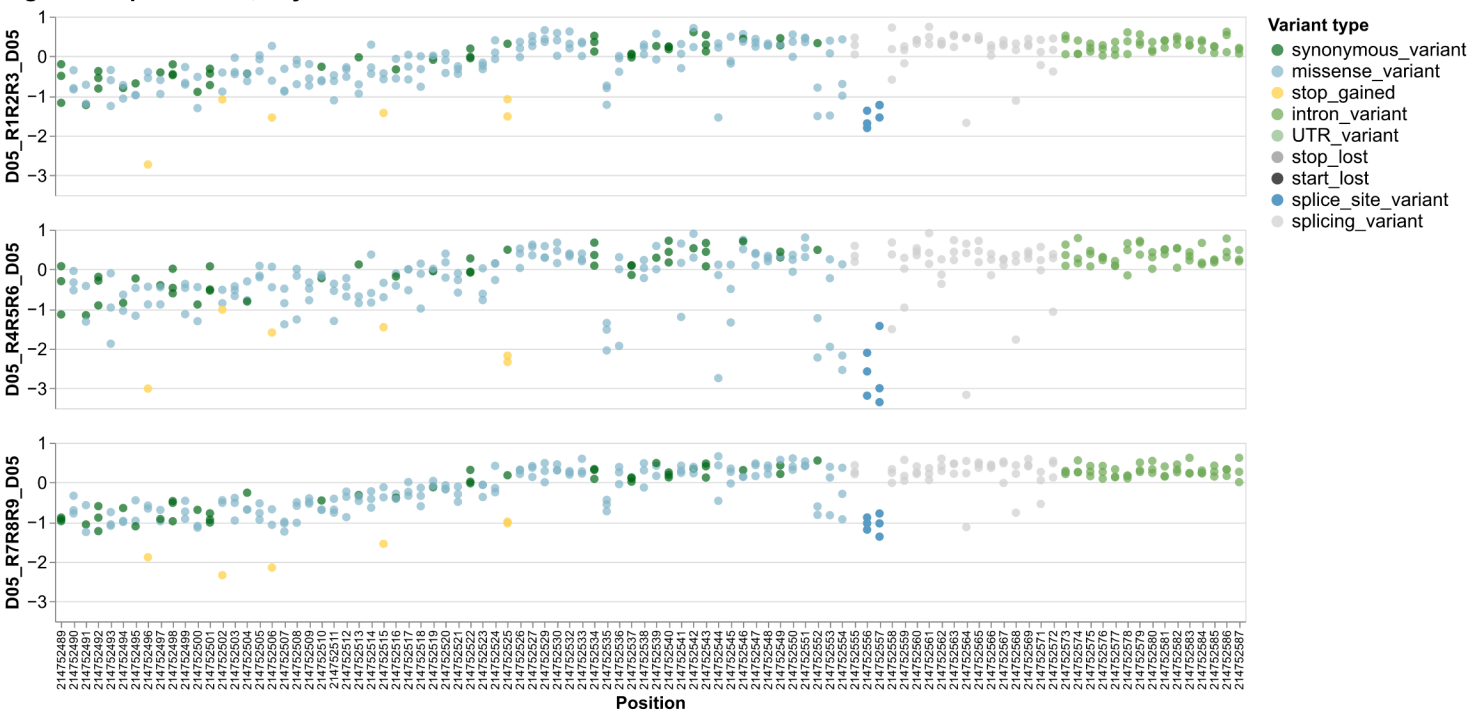

log2 ratios per variant, day 13

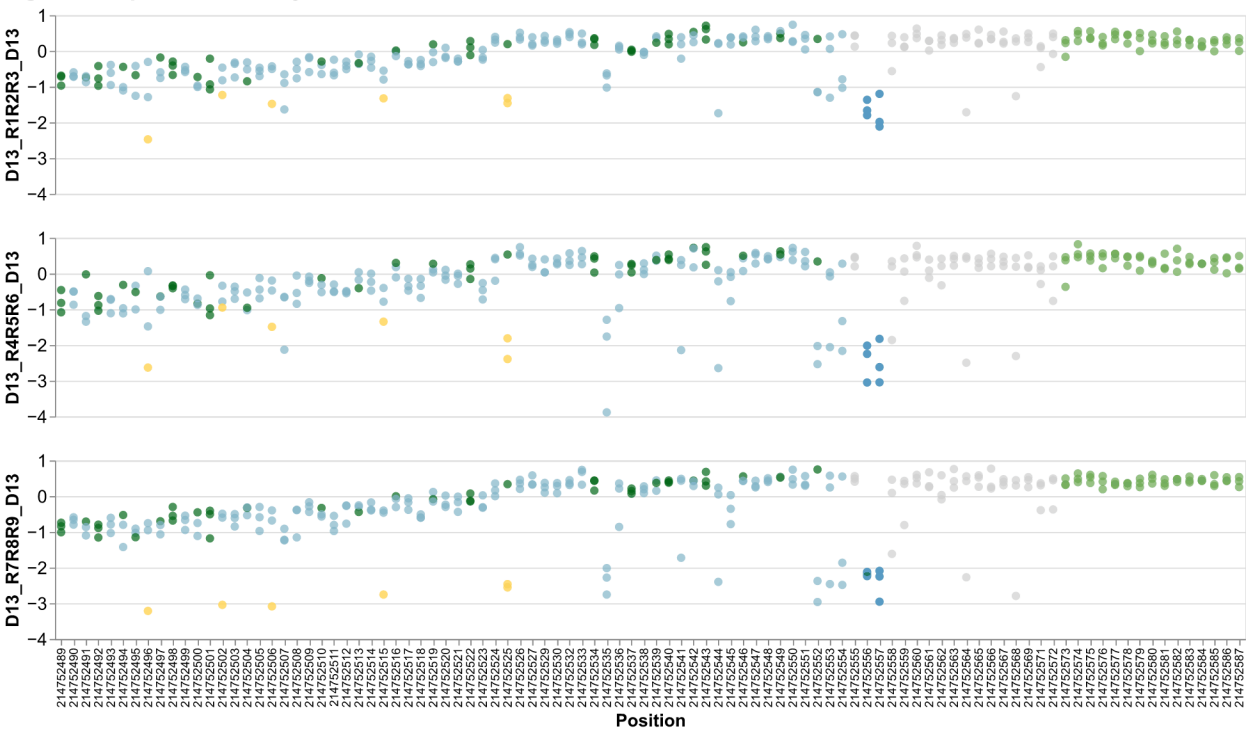

BARD1 X7A

log2 ratios per variant - day 05 (top) / day 13 (bottom)

log2 ratios per variant, day 05

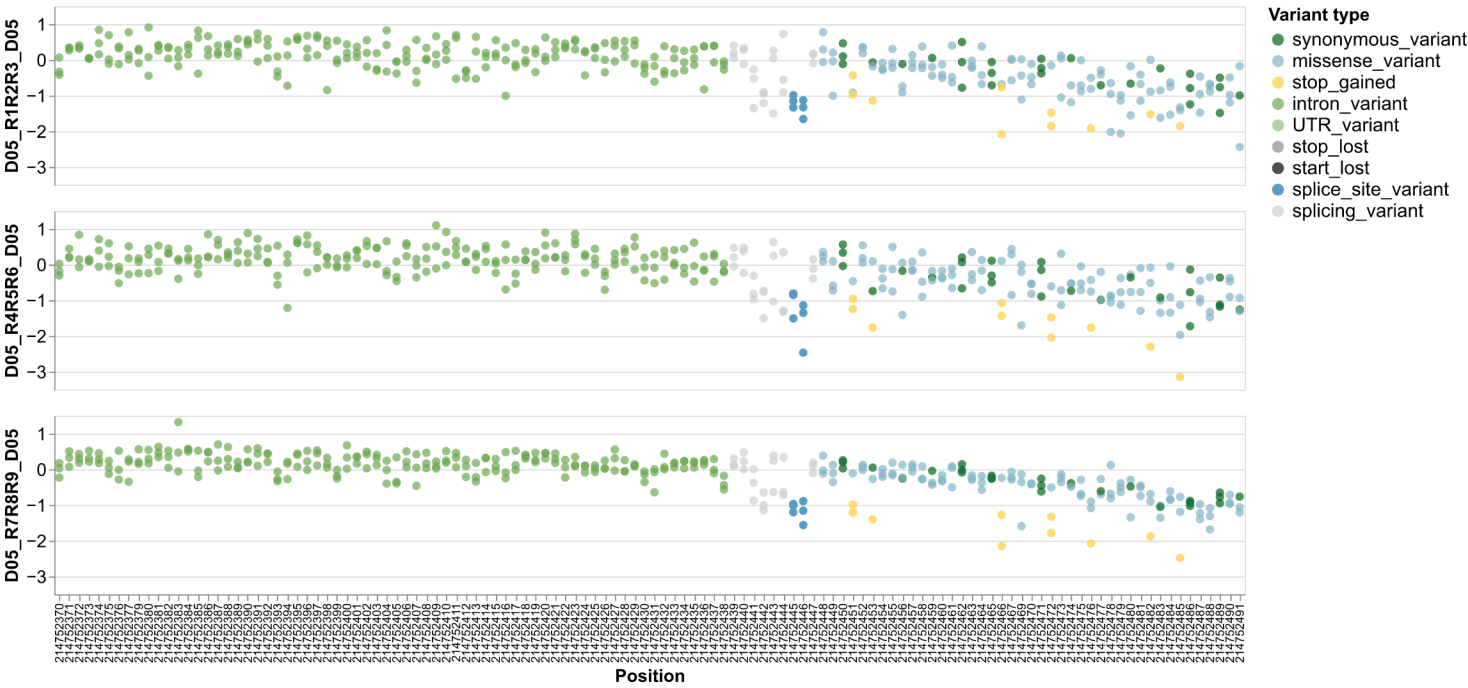

log2 ratios per variant, day 13

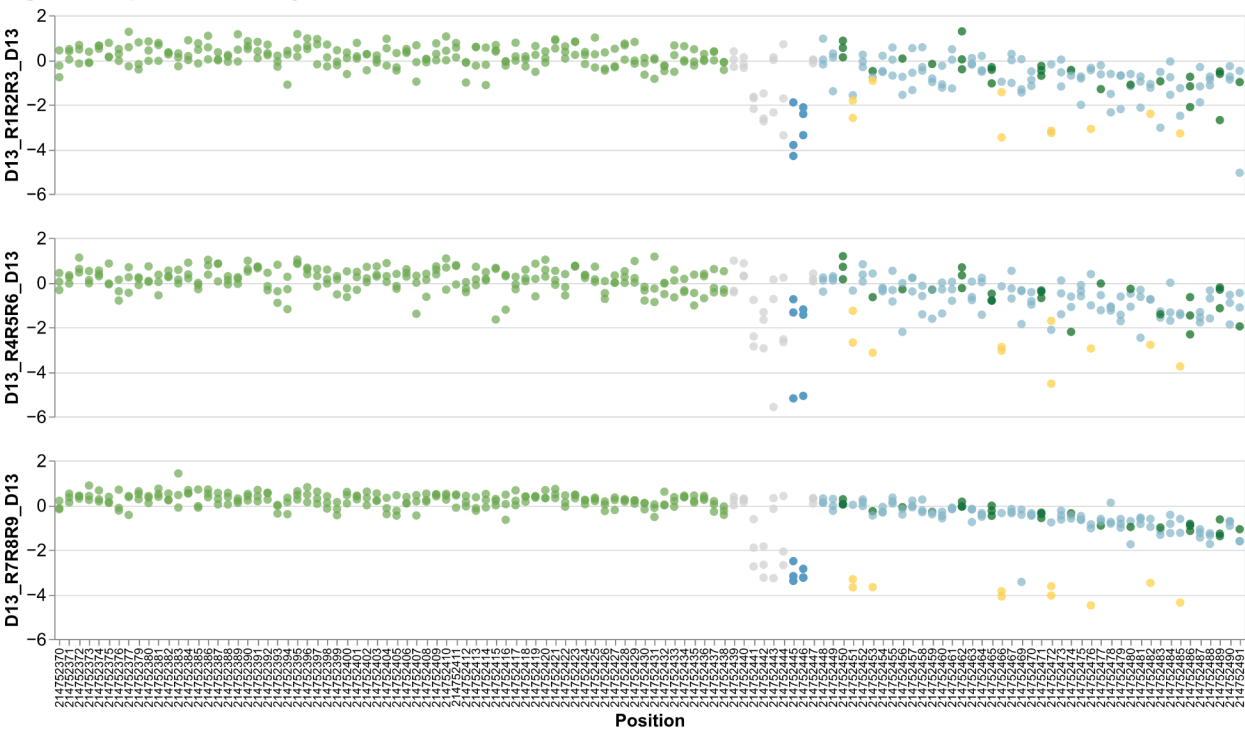

BARD1 X7B

log2 ratios per variant - day 05 (top) / day 13 (bottom)

log2 ratios per variant, day 05

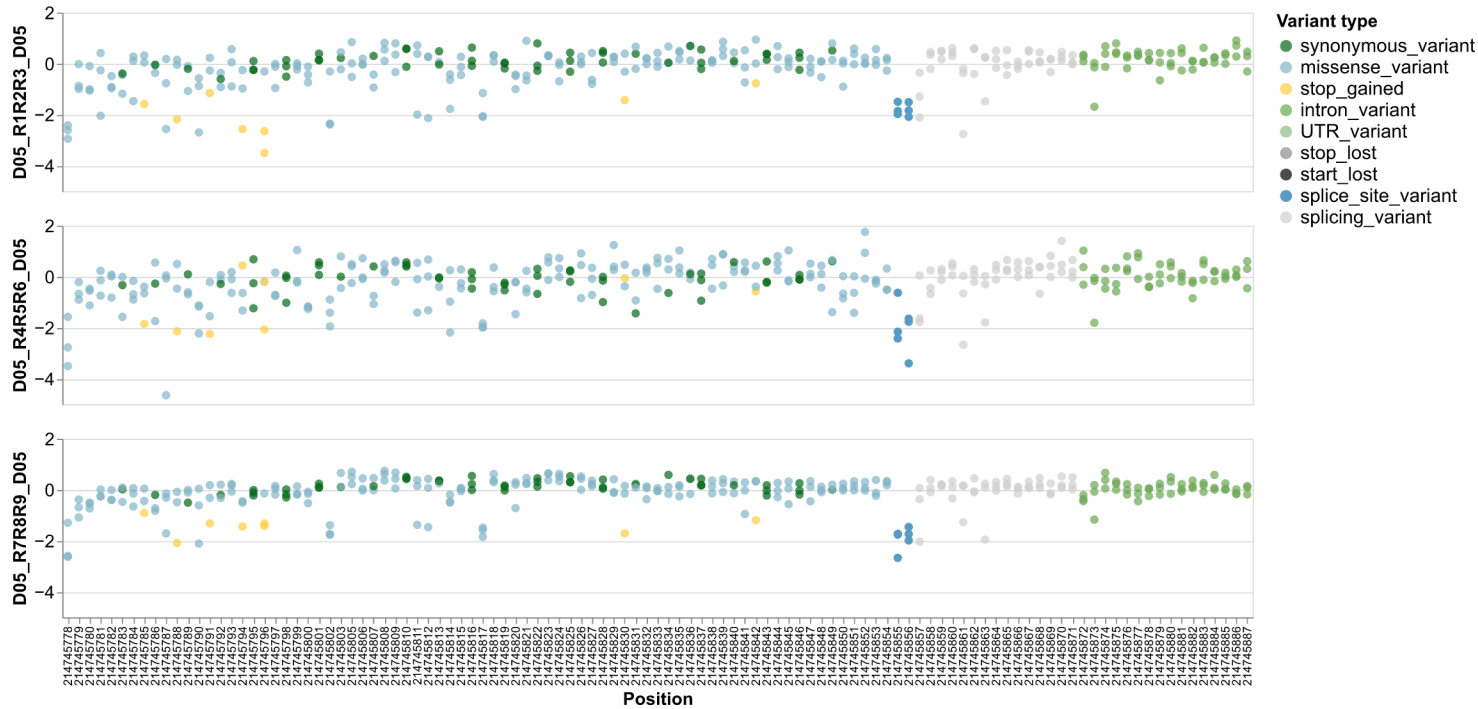

log2 ratios per variant, day 13

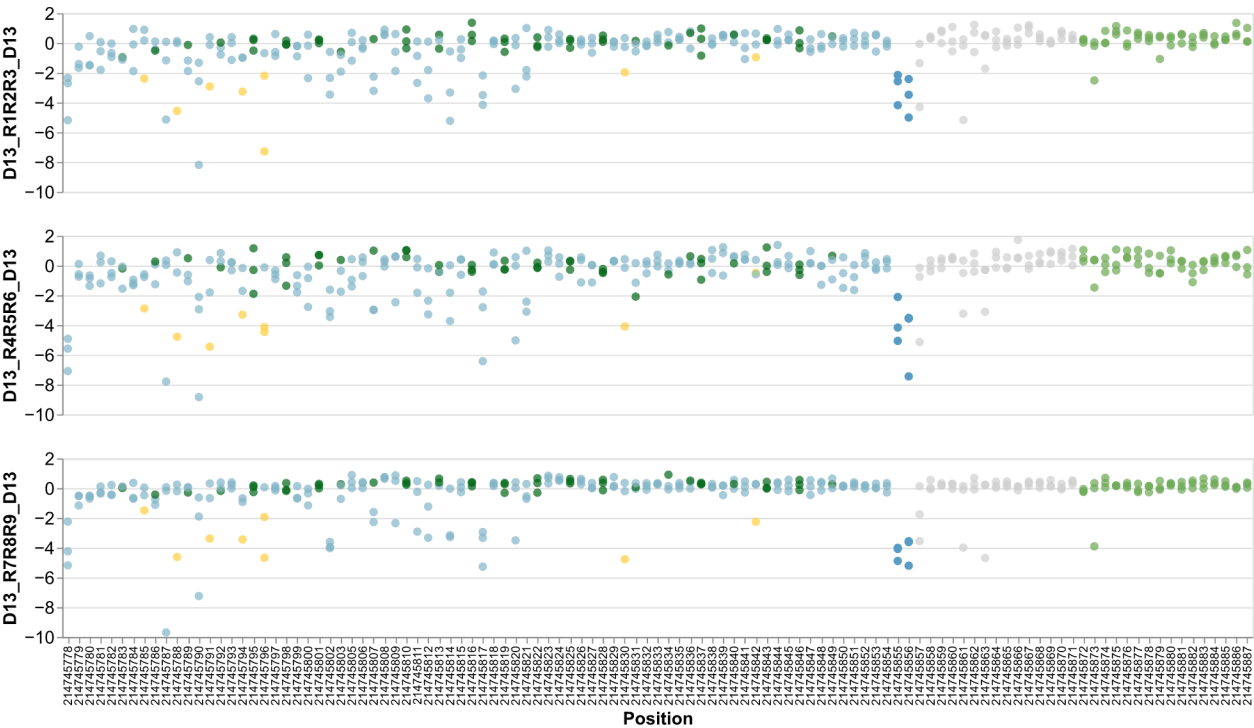

BARD1 X8A

log2 ratios per variant - day 05 (top) / day 13 (bottom)

log2 ratios per variant, day 05

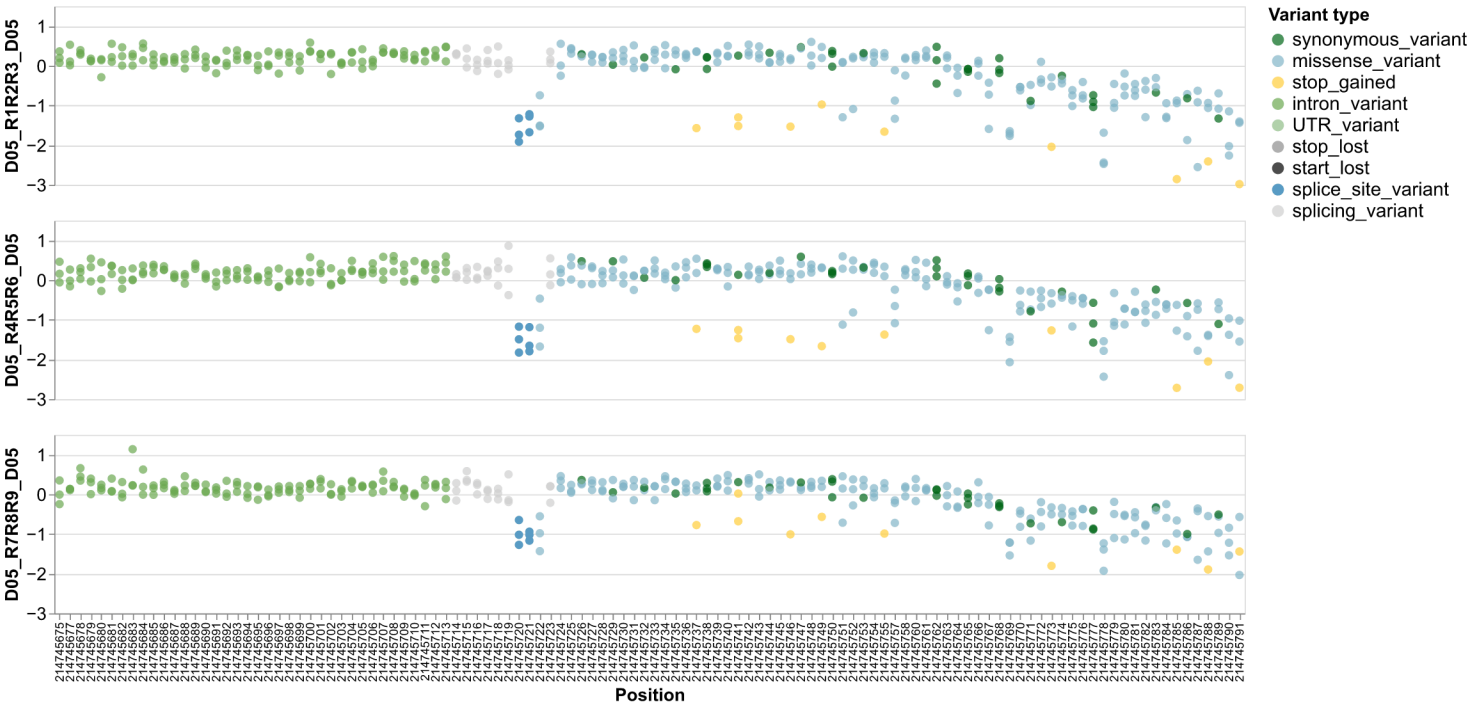

log2 ratios per variant, day 13

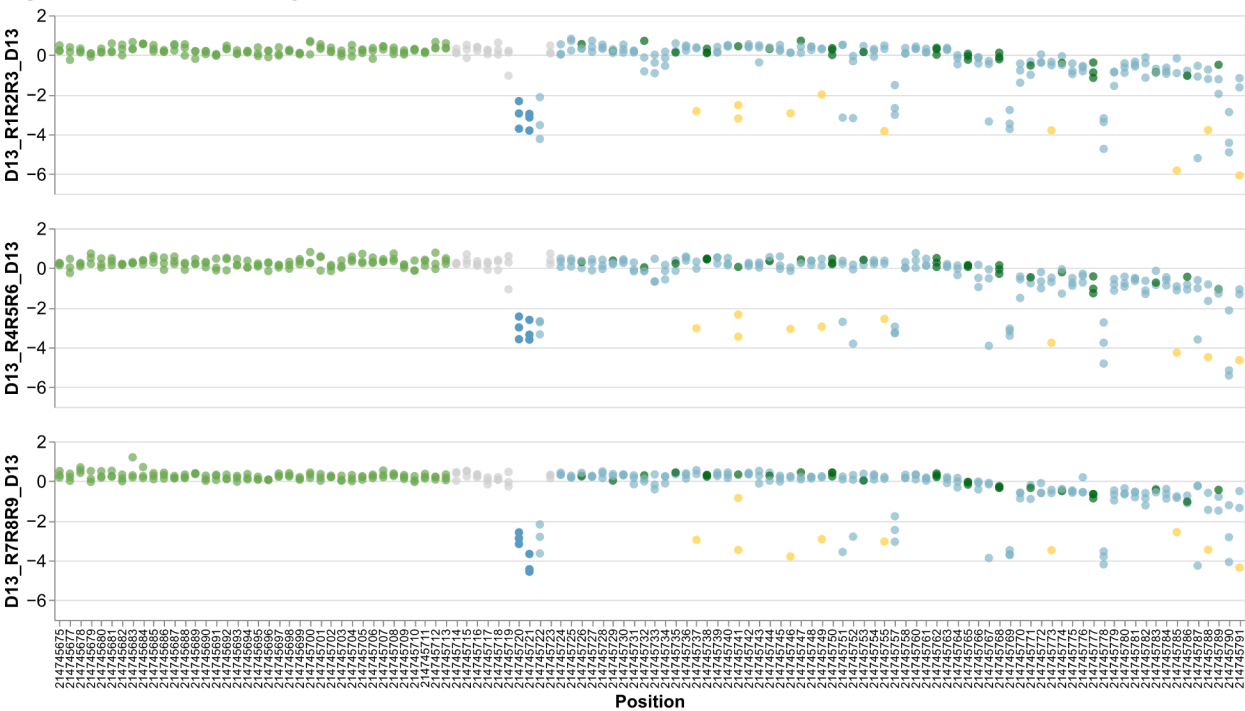

BARD1 X8B

log2 ratios per variant - day 05 (top) / day 13 (bottom)

log2 ratios per variant, day 05

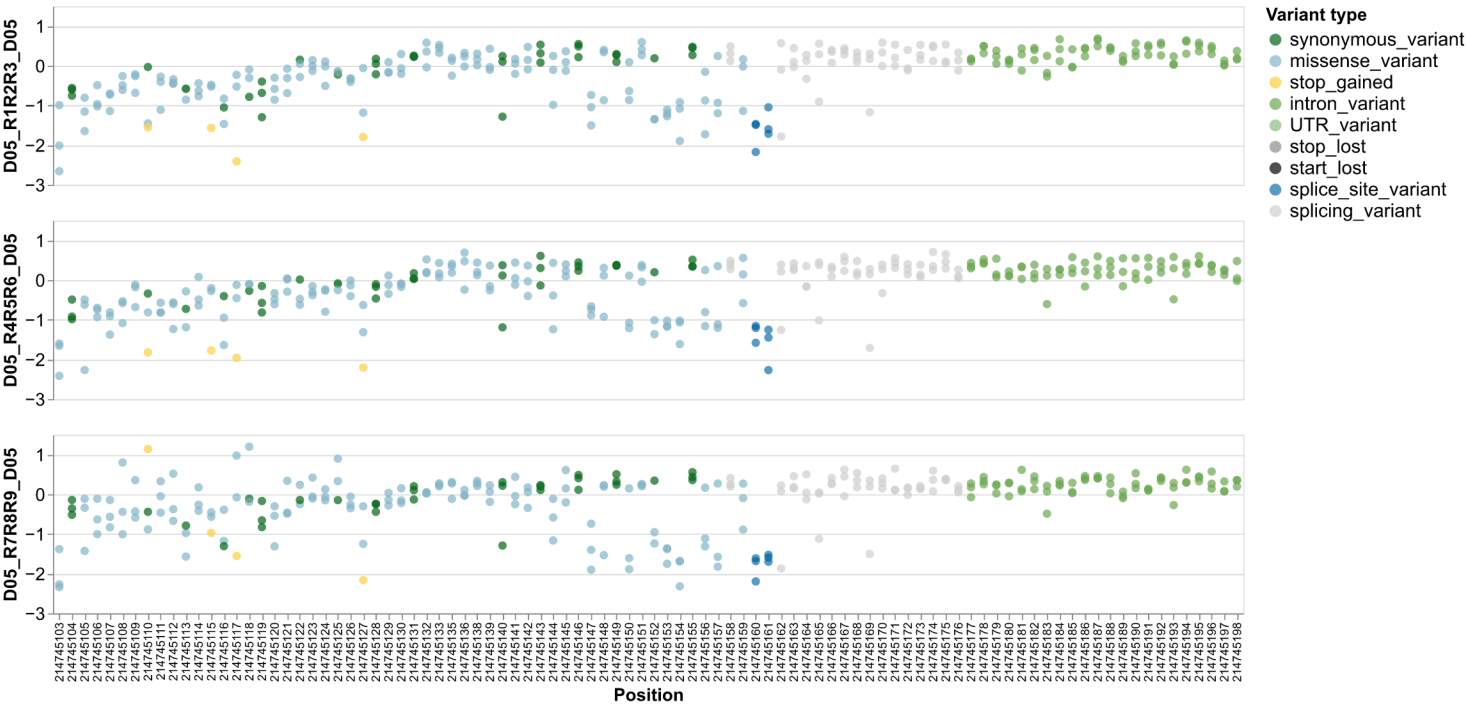

log2 ratios per variant, day 13

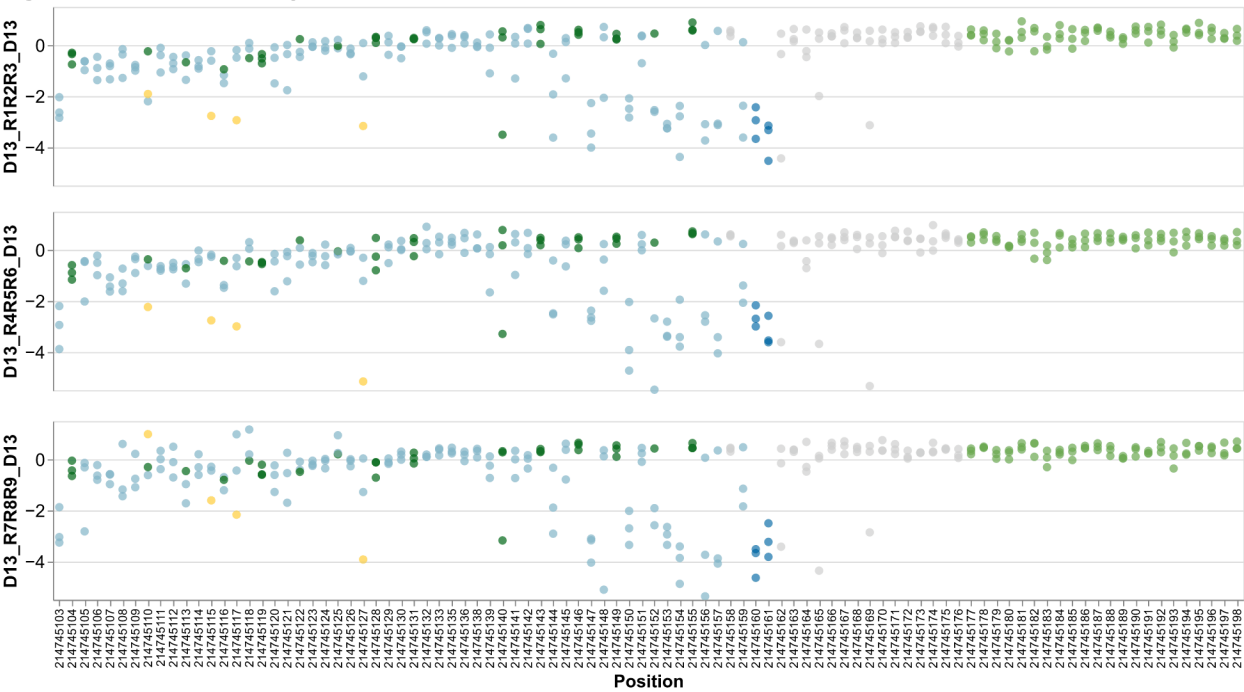

BARD1 X9A

log2 ratios per variant - day 05 (top) / day 13 (bottom)

log2 ratios per variant, day 05

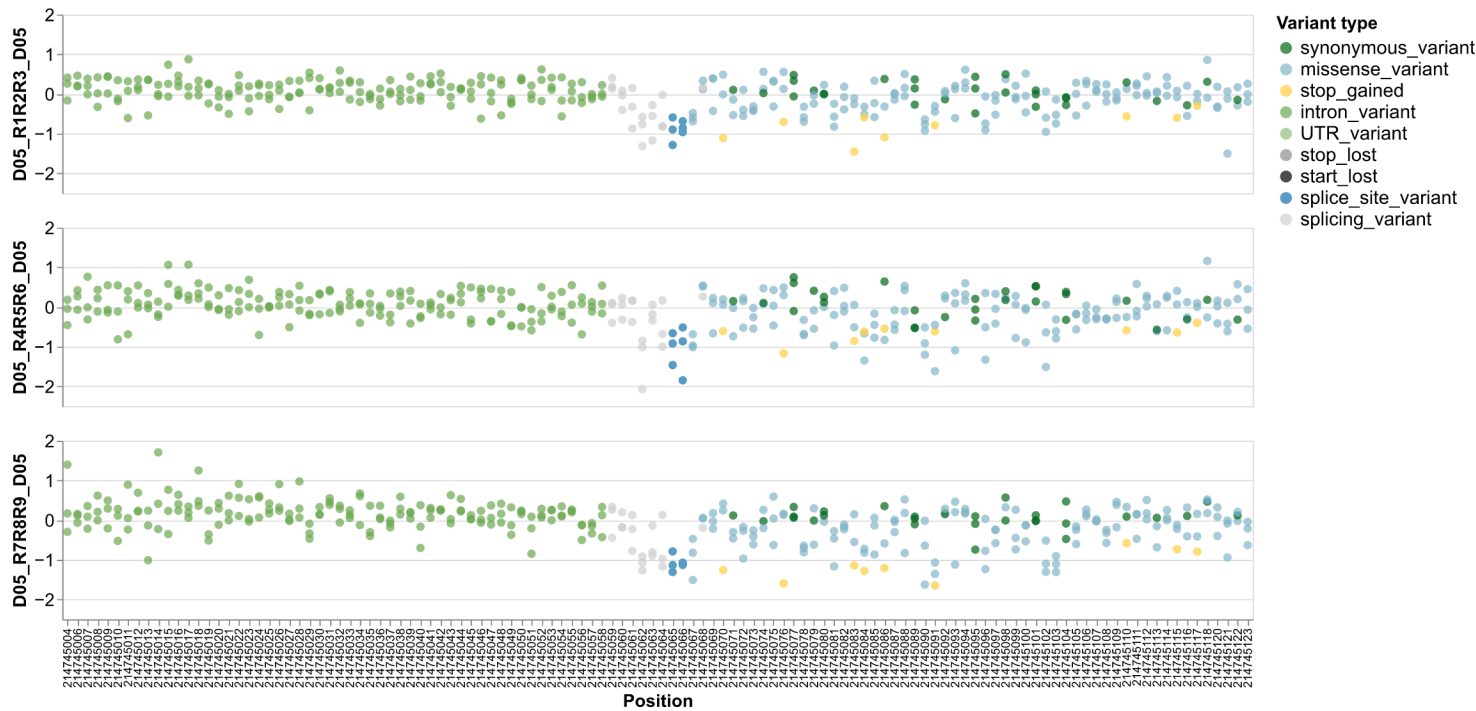

log2 ratios per variant, day 13

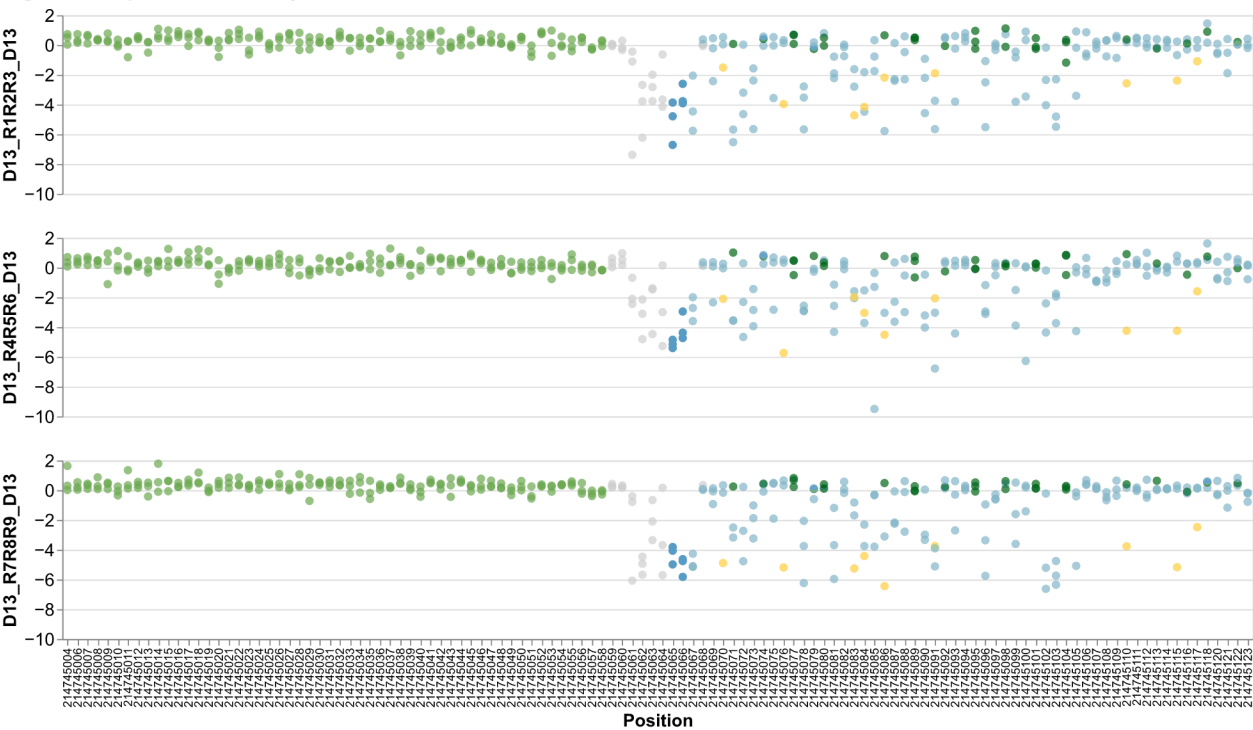

BARD1 X9B

log2 ratios per variant - day 05 (top) / day 13 (bottom)

log2 ratios per variant, day 05

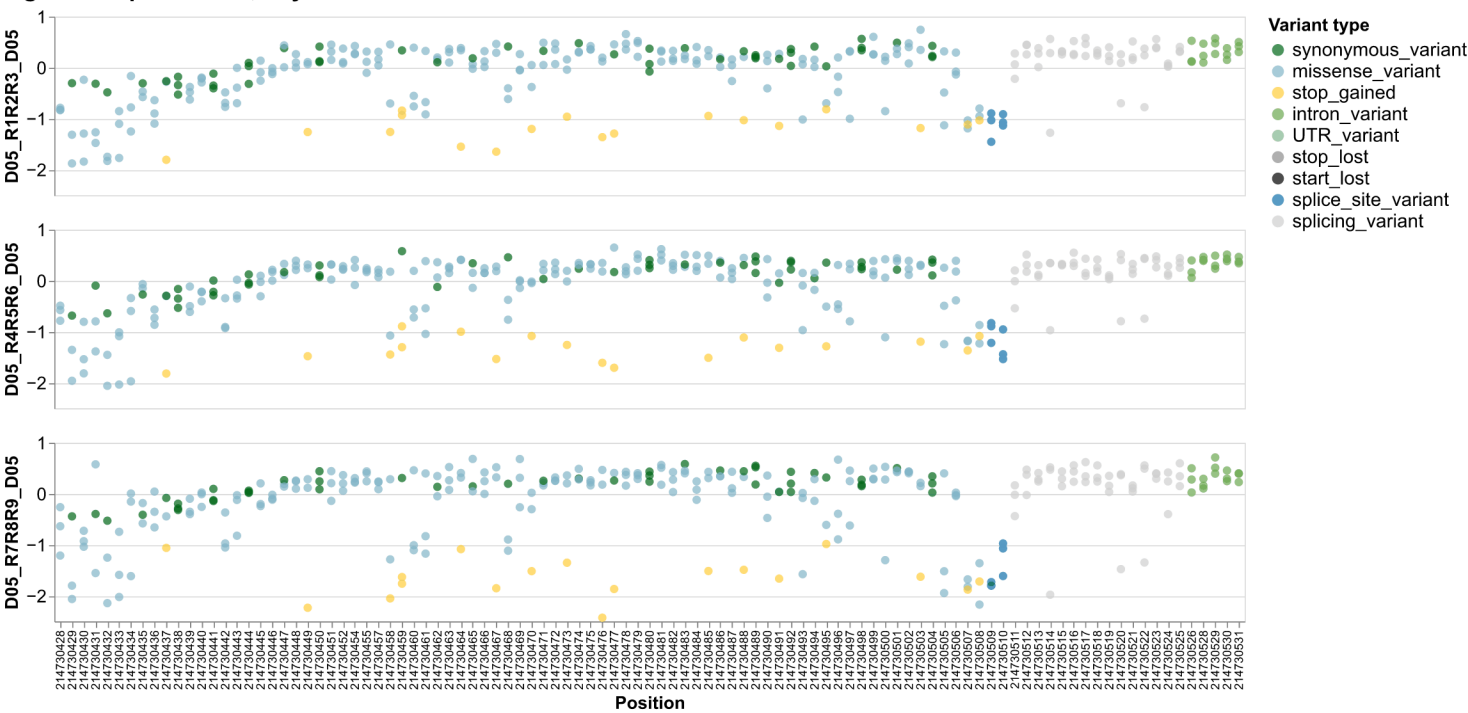

log2 ratios per variant, day 13

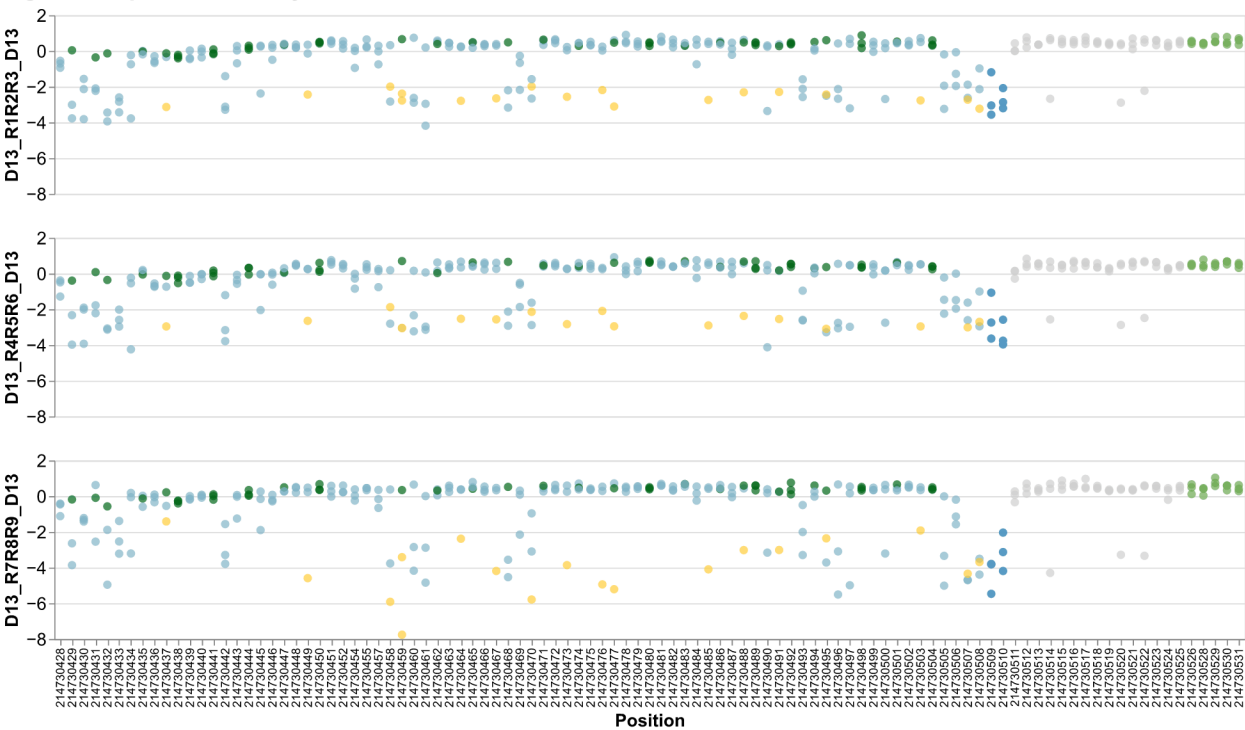

BARD1 X10A

log2 ratios per variant - day 05 (top) / day 13 (bottom)

log2 ratios per variant, day 05

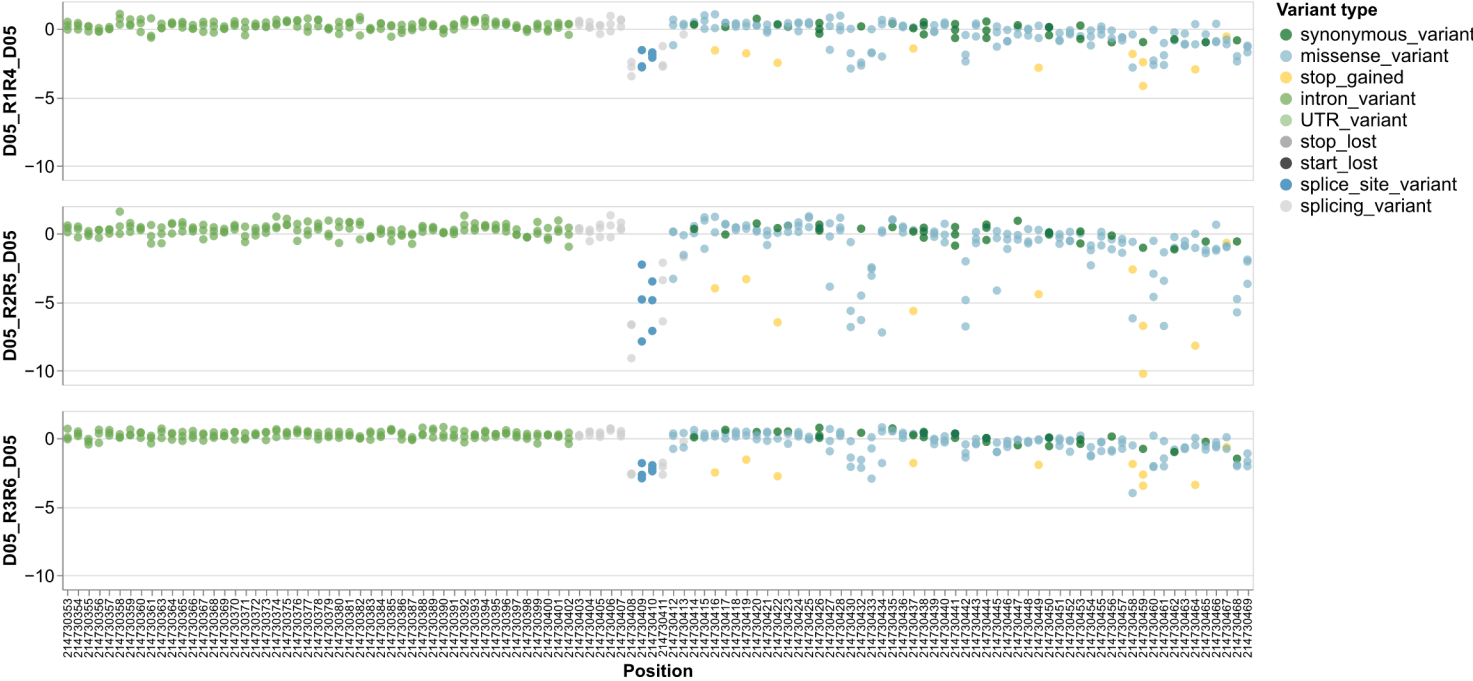

log2 ratios per variant, day 13

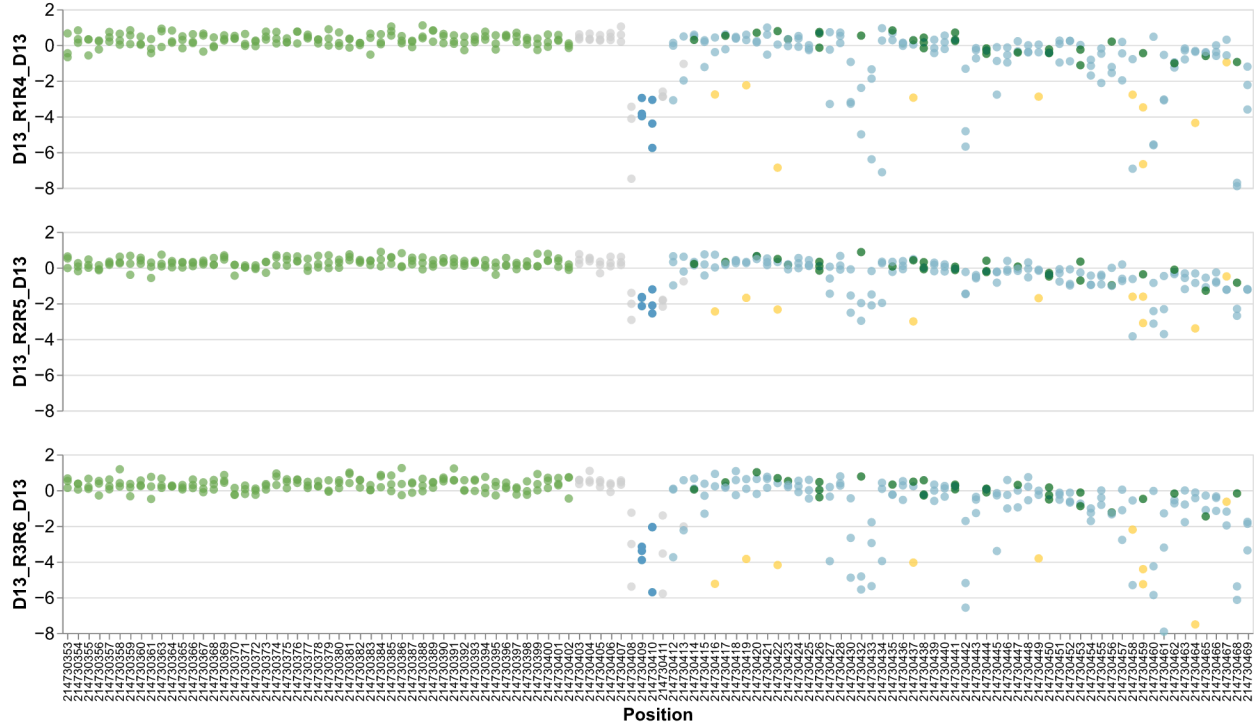

BARD1 X10B

log2 ratios per variant - day 05 (top) / day 13 (bottom)

log2 ratios per variant, day 05

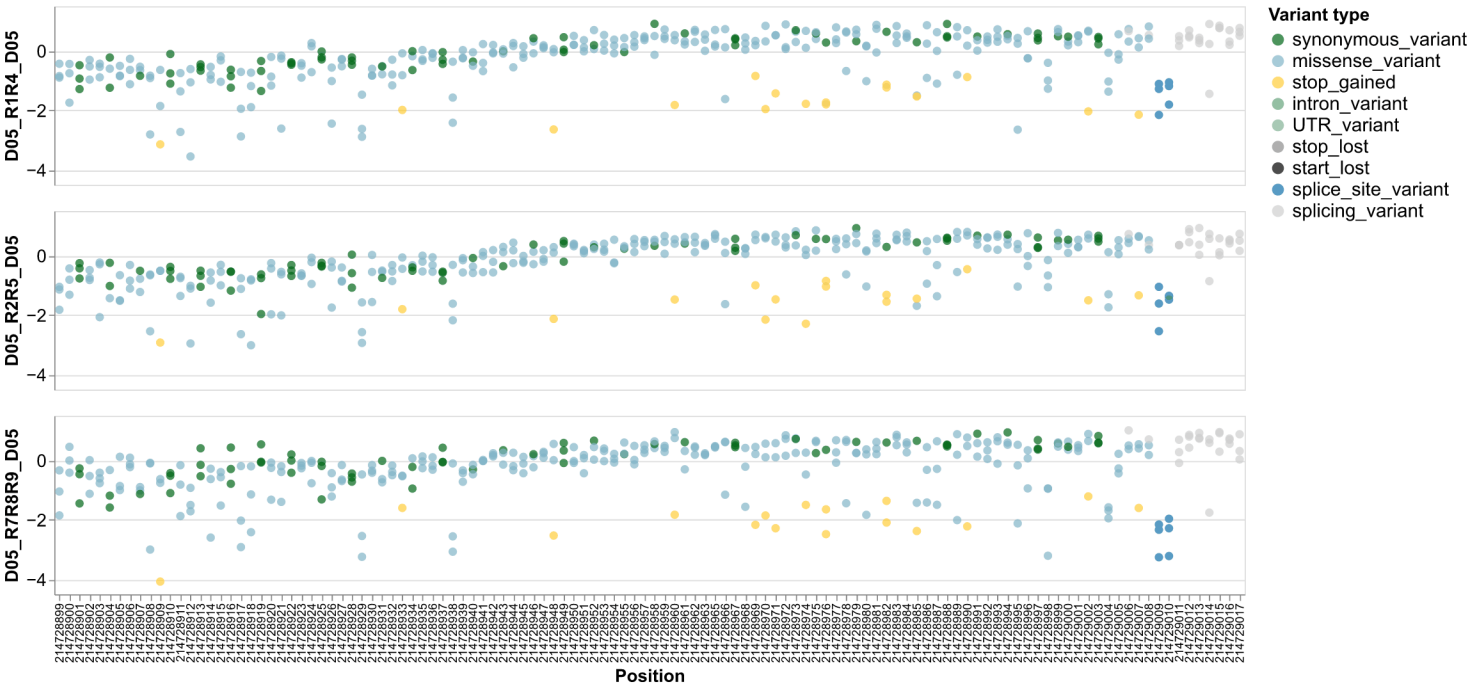

log2 ratios per variant, day 13

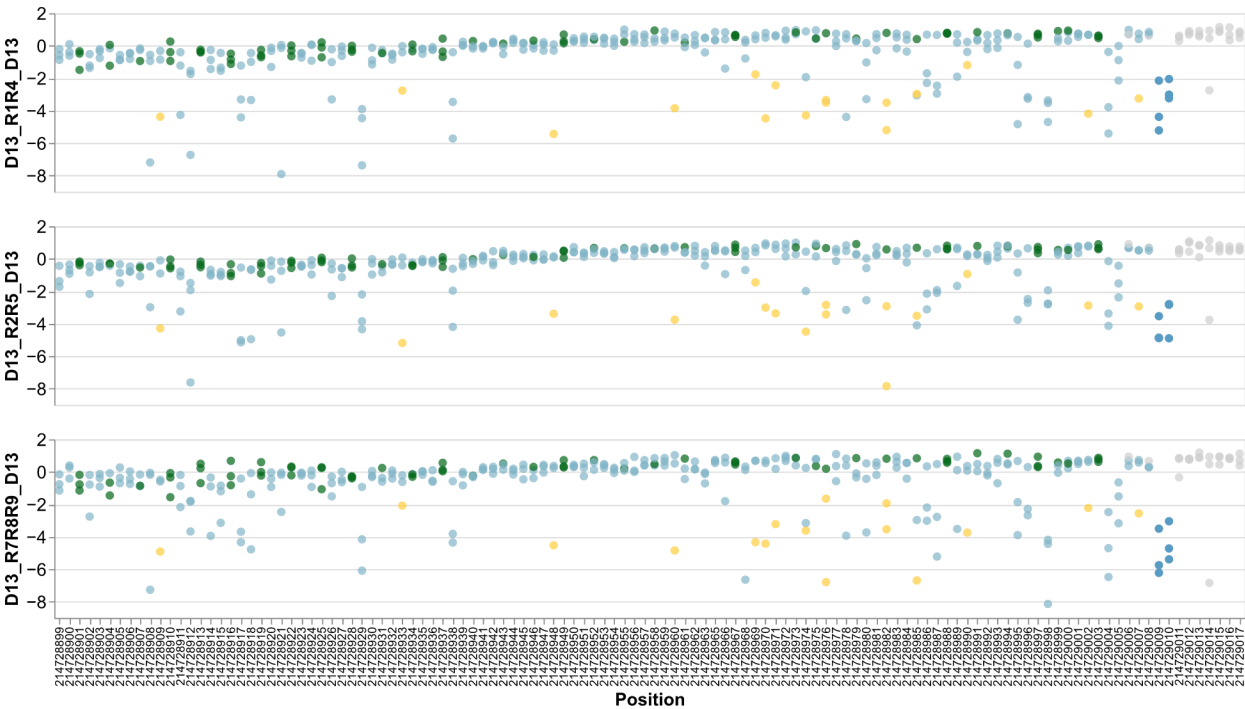

BARD1 X11A

log2 ratios per variant - day 05 (top) / day 13 (bottom)

log2 ratios per variant, day 05

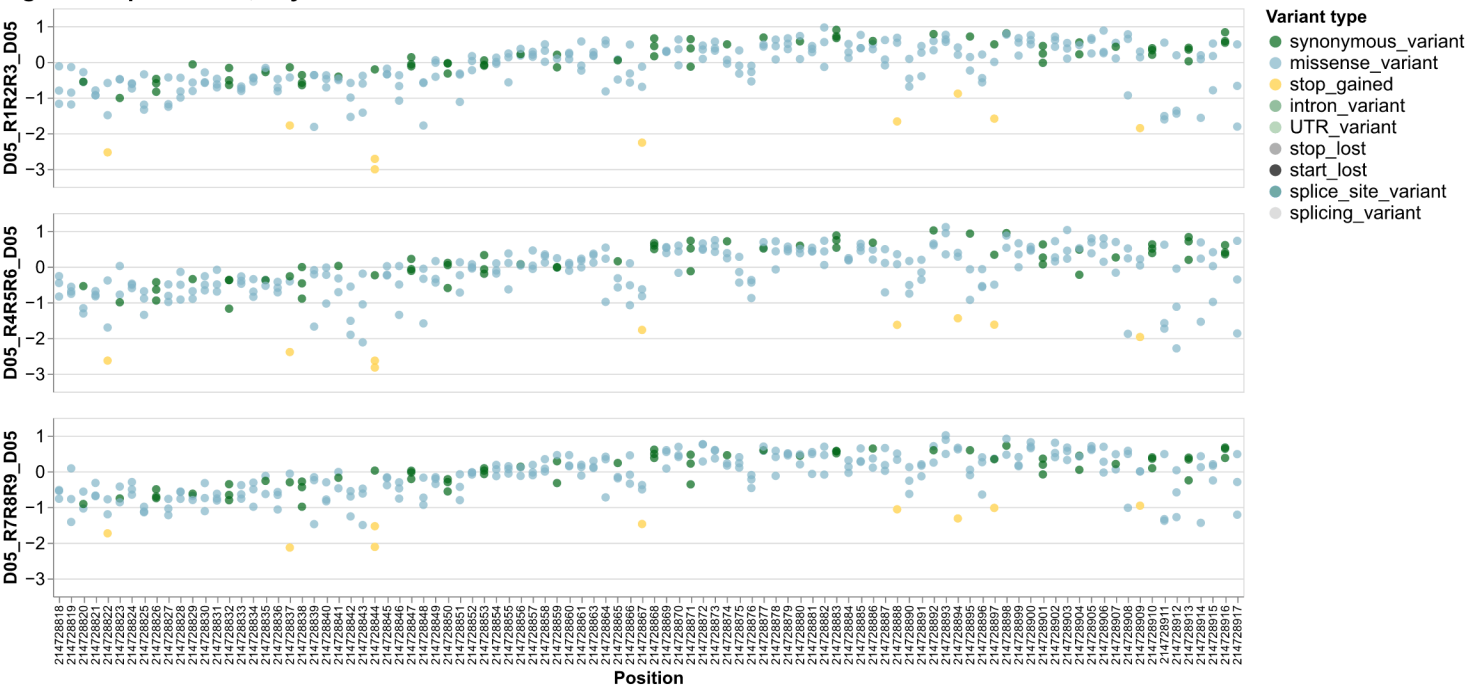

log2 ratios per variant, day 13

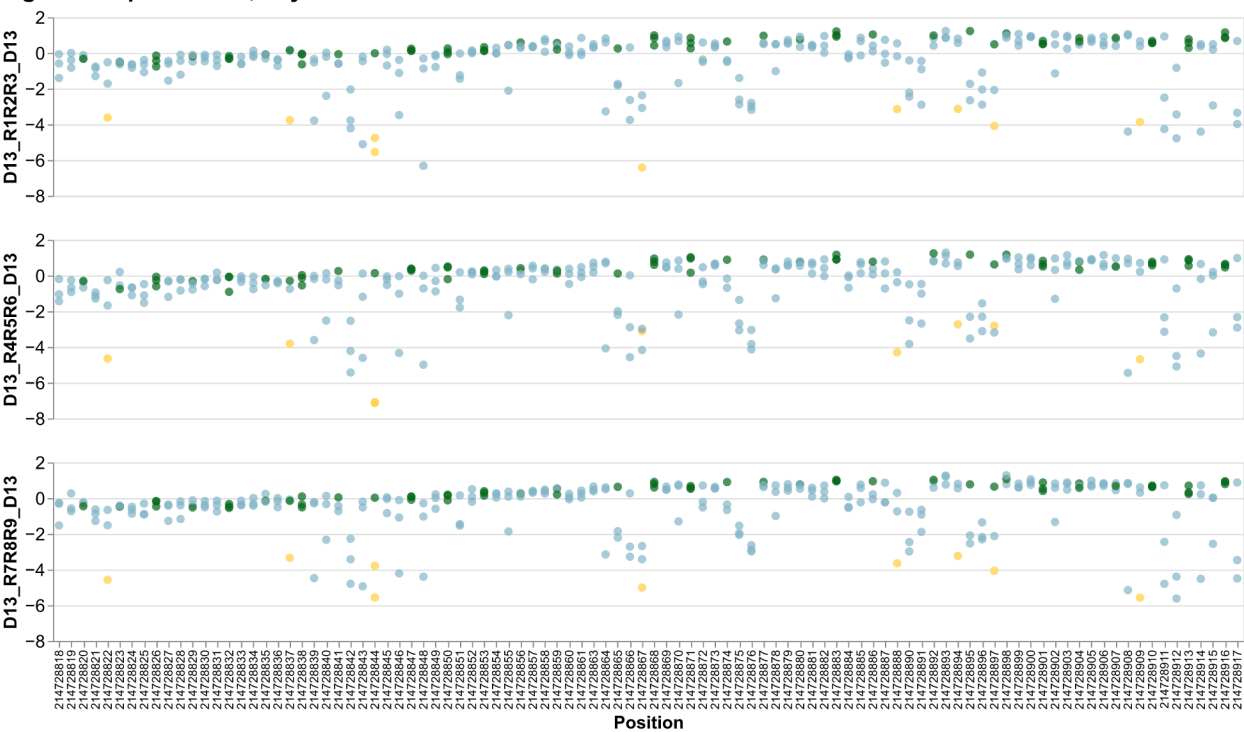

BARD1 X11B

log2 ratios per variant - day 05 (top) / day 13 (bottom)

log2 ratios per variant, day 05

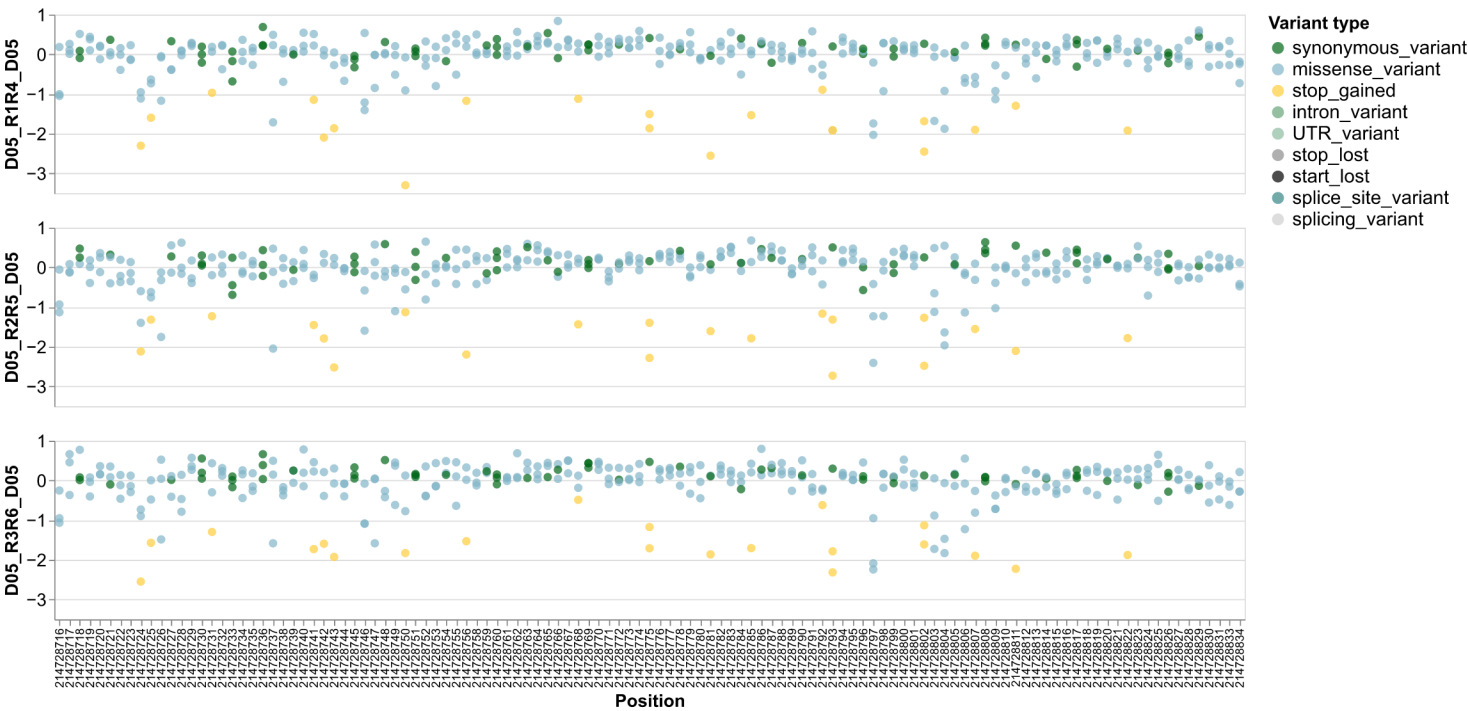

log2 ratios per variant, day 13

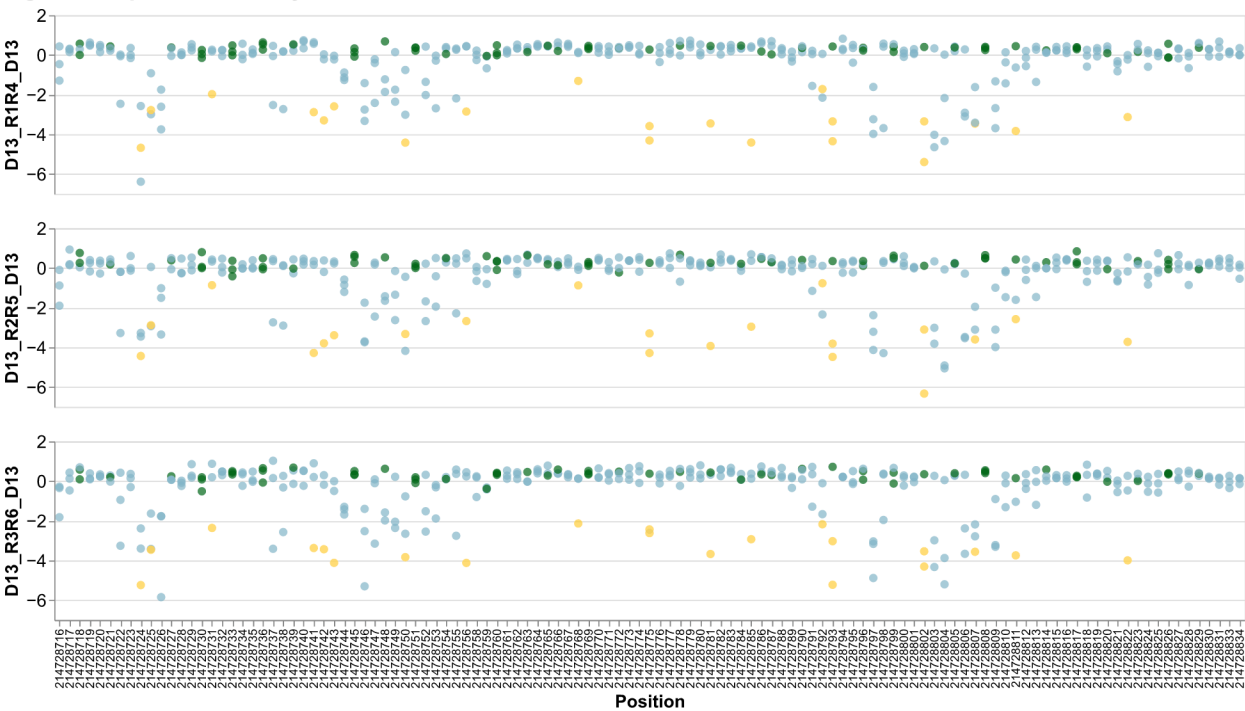

BARD1 X11C

log2 ratios per variant - day 05 (top) / day 13 (bottom)

log2 ratios per variant, day 05

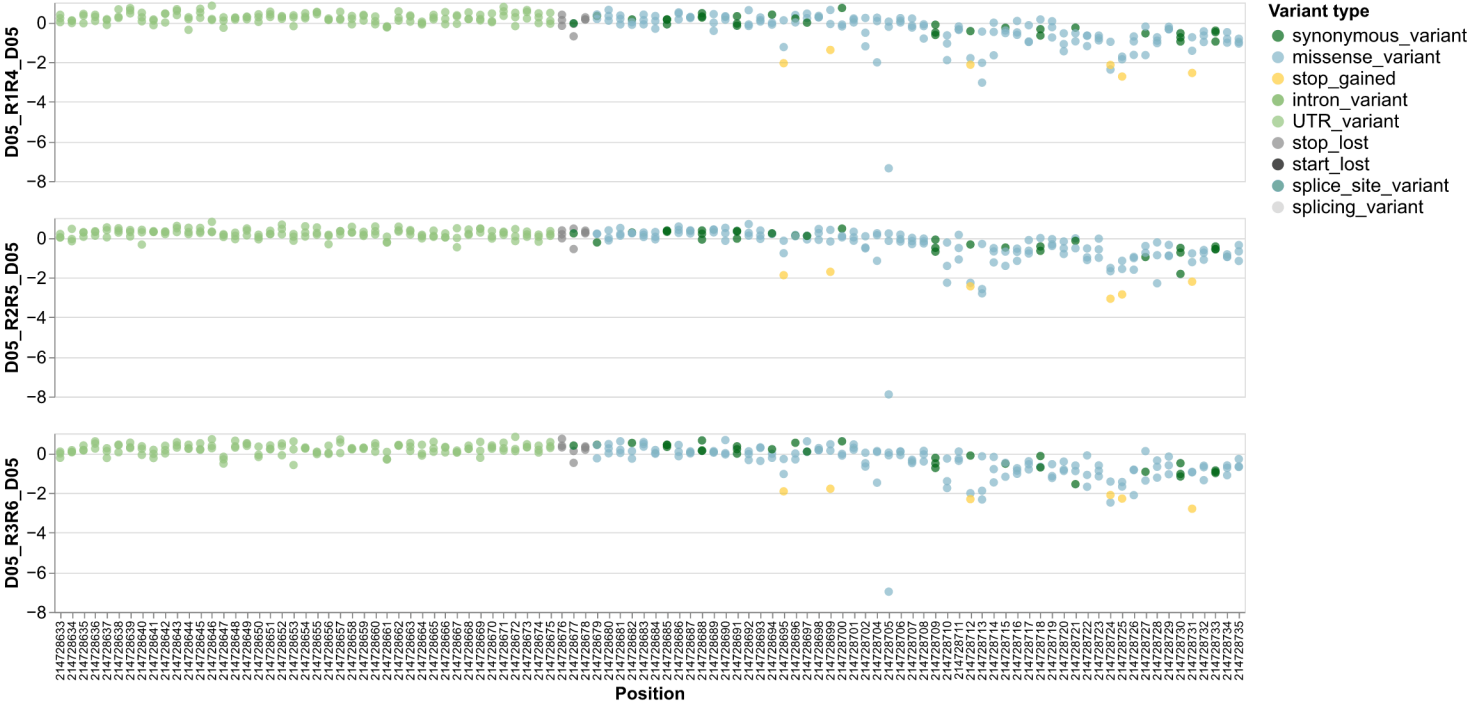

log2 ratios per variant, day 13

BARD1 X11D

log2 ratios per variant - day 05 (top) / day 13 (bottom)

log2 ratios per variant, day 05

log2 ratios per variant, day 13
